

IEBA

USER MANUAL

1. LOG IN

Step 1. Enter your **Email ID** in the email field (e.g., user@ieba.com).

Step 2. Enter your **Password** in the password field.

- To show or hide your password, click the eye icon on the right side of the password field.

Step 3. Click the **Login** button.

- The system will verify your credentials and redirect you to your dashboard based on your assigned role.

2. HEADER

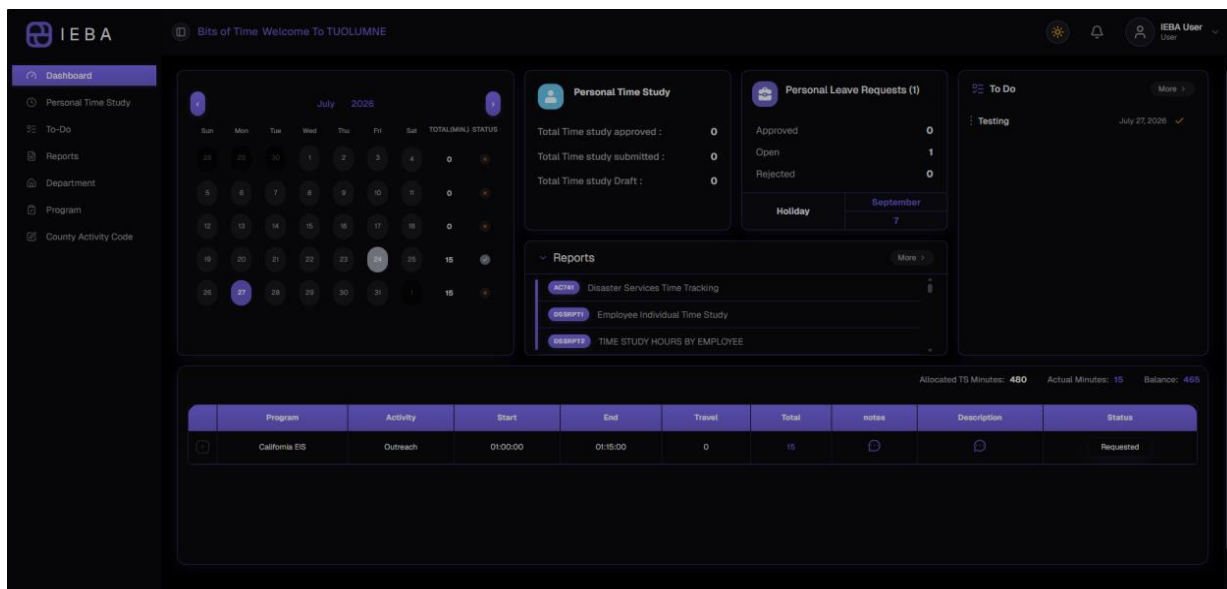

The top header is present at the top of every page in the application with the county name, providing quick access to global tools, theme controls, system notifications, and your user account settings.

2.1 Sidebar Toggle Icon:

- Toggles (collapses or expands) the left navigation sidebar to give you more viewing area on the screen.

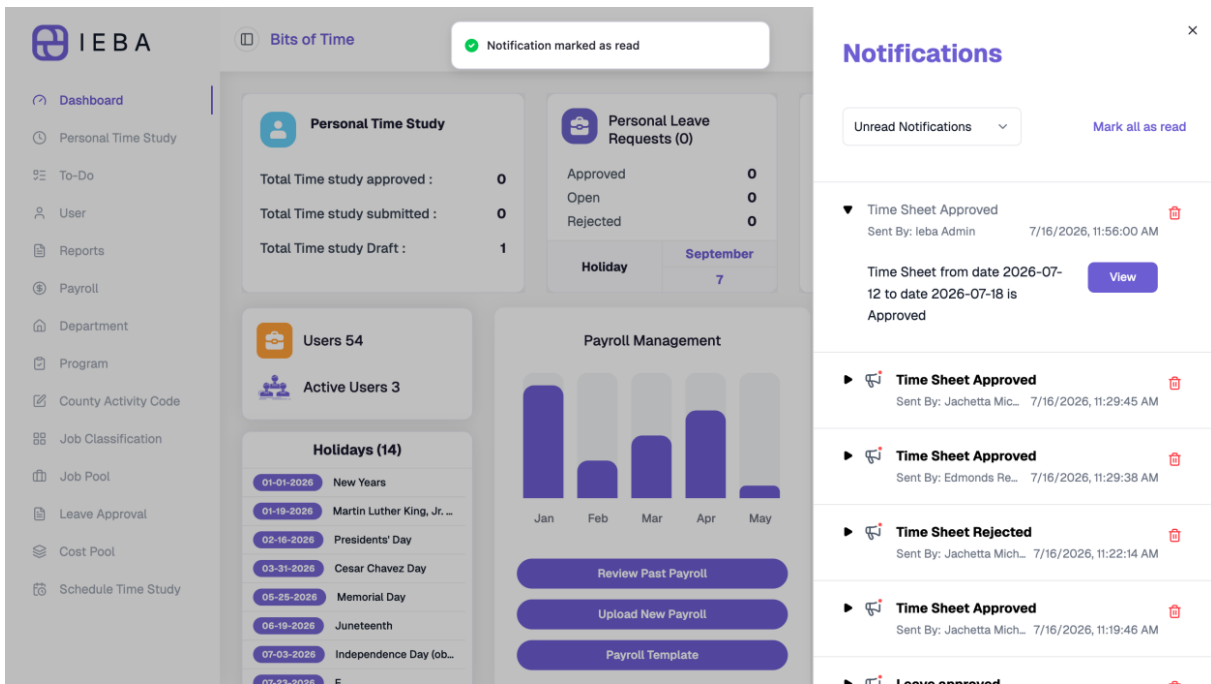

2.2 Theme Toggle Icon (Moon / Sun):

- Switches the interface appearance between Dark Mode and Light Mode for easy viewing.

2.3 Notifications Bell Icon:

- **Unread Counter Badge:** Displays a red badge counter over the bell icon showing your total count of unread notifications.
- **Notifications Drawer:** Clicking the bell icon opens the Notifications side drawer on the right side of the screen.
- **Filter Dropdown (3 Options):** Filter displayed notifications using the dropdown menu:
 - Unread Notifications (default view)
 - All Notifications
 - Read Notifications
- **Mark All as Read:** Click the Mark all as read link (top right) to mark all unread notifications as read simultaneously.
- **Notification Types:** Receives real-time system and supervisor notifications for the following events:
 - **Time Sheet Status Updates:** Notifications when your time sheet is Submitted (sent to supervisor) or Approved / Rejected (sent to you by your supervisor).
 - **Leave Request Updates:** Notifications when a leave request is Submitted, Approved, or Rejected by your supervisor.
 - **Admin & Supervisor Announcements:** Reminders sent by system administrators or supervisors prompting you to submit your time study records on time.
- **Expand & Auto-Mark as Read:** Click any notification row (▼ / ► arrow) to expand and view the full message content. Opening a notification automatically marks it as read.
- **View Button:** Click the View button inside an expanded notification to navigate directly to the Personal Time Study page (/personal-time-study).
- **Delete Notification:** Click the Red Trash Can icon on the right side of any notification item to permanently delete that notification.

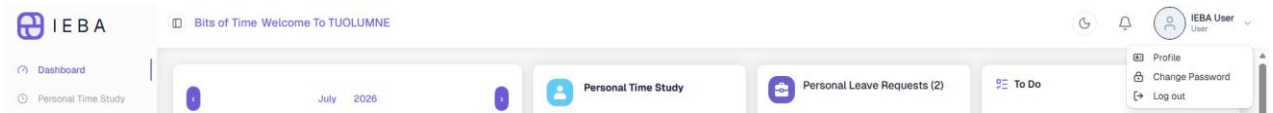

The dashboard provides a comprehensive overview of system metrics and user activity. Key sections include:

- Personal Time Study:** Displays counts for approved, submitted, and draft time studies.
- Personal Leave Requests:** Shows the status of leave requests (Approved, Open, Rejected) for a specific month (September).
- Users and Active Users:** Provides counts for total users (54) and active users (3).
- Holidays:** Lists upcoming holidays with dates and names (e.g., New Years, Martin Luther King, Jr. Day).
- Payroll Management:** Includes a bar chart for payroll data and buttons for reviewing past payroll, uploading new payroll, and accessing payroll templates.
- Notifications:** A sidebar panel showing recent system notifications, such as 'Time Sheet Approved' and 'Time Sheet Rejected', with options to mark as read or view details.

2.4 User Profile Dropdown

- Displays your profile icon, logged-in username (e.g., IEBA User), and assigned role (e.g., User, Supervisor, Admin). Clicking the dropdown arrow (v) opens your user account menu, where you have options to view your profile settings, change Password or log out of the system.

The header of the dashboard includes the IEBA logo, a welcome message, and a user profile dropdown menu. The menu options are:

- Profile
- Change Password
- Log out

2.5 PROFILE

Profile Details Page

The **Profile Details** page allows you to view and update your personal contact details, manage emergency contact information, and review your official employment records.

1. Profile Picture

- Avatar Upload:** Click on your profile picture avatar to upload, crop, or delete your profile photo.

2. Personal Information (Editable)

- First Name:** Your official first name.
- Last Name:** Your official last name.
- Area Code:** Your 3-digit telephone area code.
- Telephone Number:** Your primary telephone number (____ - ____).

3. Emergency Contact (Editable)

- First Name:** Emergency contact person's first name.
- Last Name:** Emergency contact person's last name.

- **Area Code:** Emergency contact's 3-digit area code.
- **Telephone Number:** Emergency contact's telephone number.
- **Relationship:** Dropdown selection for your relationship (e.g., *Father, Mother, Brother, Sister, Spouse, Other*)

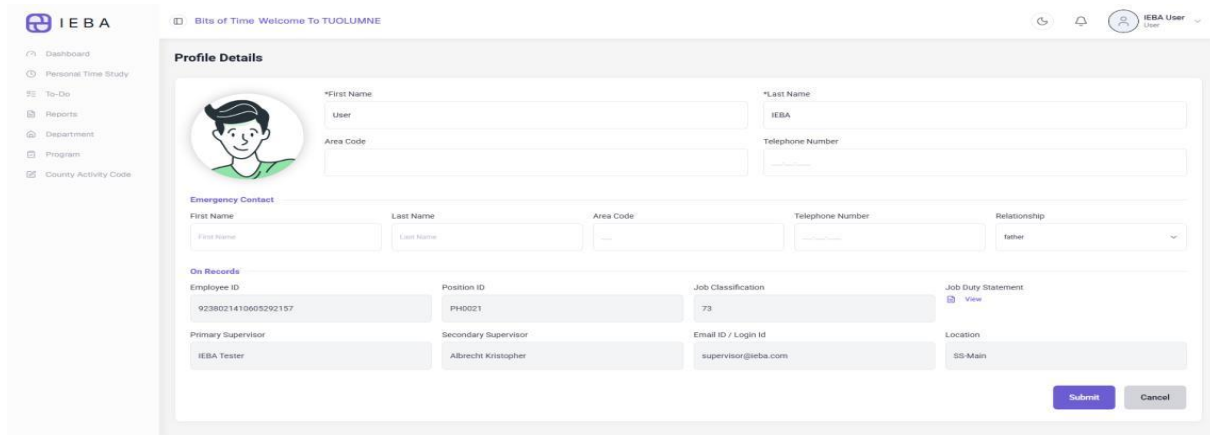

4. On Records Section (Read-Only / Cannot be Edited)

- **Employee ID:** Your unique employee identification number.
- **Position ID:** Your assigned position ID.
- **Job Classification:** Your assigned job classification code.
- **Job Duty Statement:** Displays a View link. Clicking View downloads or opens your official assigned Job Duty Statement document.
- **Primary Supervisor:** Name of your assigned primary supervisor.
- **Secondary Supervisor:** Name of your assigned secondary supervisor (if applicable).
- **Email ID / Login Id:** Your registered login email address.
- **Location:** Your assigned work location/facility.

Note: The fields under *On Records* are official employment records managed by System Administrators and cannot be edited directly by the user.

5. Form Action Buttons

- **Submit:** Saves any updates made to your Personal Information or Emergency Contact sections.
- **Cancel:** Discards any unsaved edits and returns to the Dashboard.

2.6 Change Password Modal

The **Change Password** modal allows you to update your user account password at any time.

How to Access:

- Click your User Profile Dropdown (Avatar) on the top right of the header, then select Change Password.

Form Fields:

- **Enter Old Password:** Type your current active password.
- **Enter New Password:** Type your desired new password.
 - Password Rules: Must be 10 to 16 characters long and include a combination of lowercase letters, uppercase letters, numbers, and special symbols.
- **Re - Enter New Password:** Re-type your new password to confirm. It must match your new password exactly.

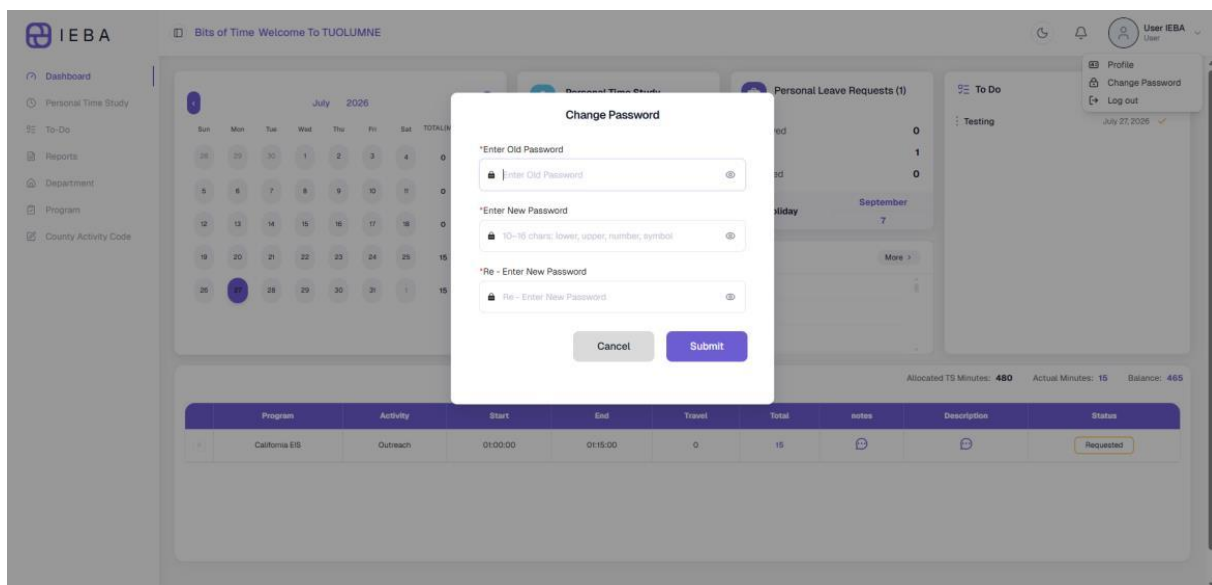

Features & Controls:

- **Password Visibility Toggle (Eye Icon):** Click the eye icon on the right side of any password field to show or hide password characters while typing.

Action Buttons:

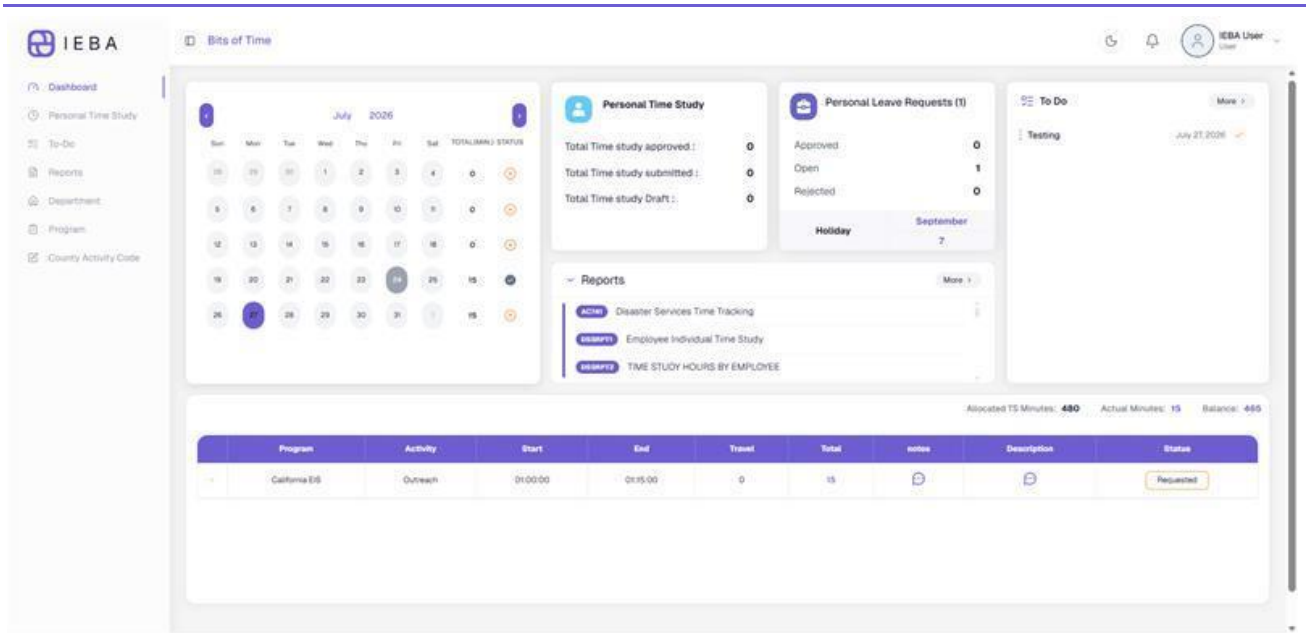

- **Submit:** Validates your inputs and updates your account password.
- **Cancel:** Closes the modal without making any changes

Note: If you forget your password, please contact your Department Administrator or System Administrator to reset it.

3. DASHBOARD

The Dashboard is your home screen after signing in. It contains five sections — a Calendar, Personal Time Study card, Personal Leave Requests card, To-Do card, and a Reports card

Bits of Time

July 2026

Personal Time Study

Total Time study approved : 0
Total Time study submitted : 0
Total Time study Draft : 0

Personal Leave Requests (1)

Approved: 0
Open: 1
Rejected: 0

To Do

Testing July 21, 2026

Reports

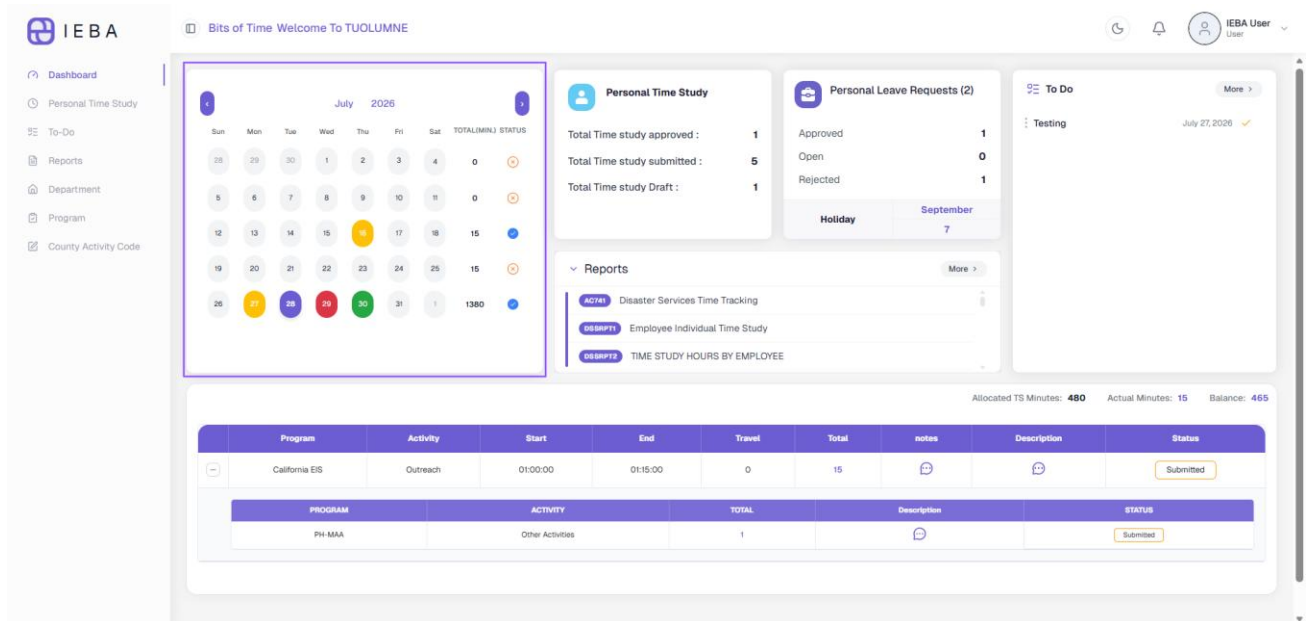

- ACT001 Disaster Services Time Tracking
- ES00011 Employee Individual Time Study
- ES00012 TIME STUDY HOURS BY EMPLOYEE

Allocated TS Minutes: 480 Actual Minutes: 15 Balance: 465

Program	Activity	Start	End	Travel	Total	notes	Description	Status
California EIS	Outreach	01:00:00	01:15:00	0	15			Requested

3.1 Calendar

Refer Personal Time Study Calendar (Number: 7(Calendar))

Bits of Time

July 2026

Personal Time Study

Total Time study approved : 1
Total Time study submitted : 5
Total Time study Draft : 1

Personal Leave Requests (2)

Approved: 1
Open: 0
Rejected: 1

To Do

Testing July 27, 2026

Reports

- ACT001 Disaster Services Time Tracking
- ES00011 Employee Individual Time Study
- ES00012 TIME STUDY HOURS BY EMPLOYEE

Allocated TS Minutes: 480 Actual Minutes: 15 Balance: 465

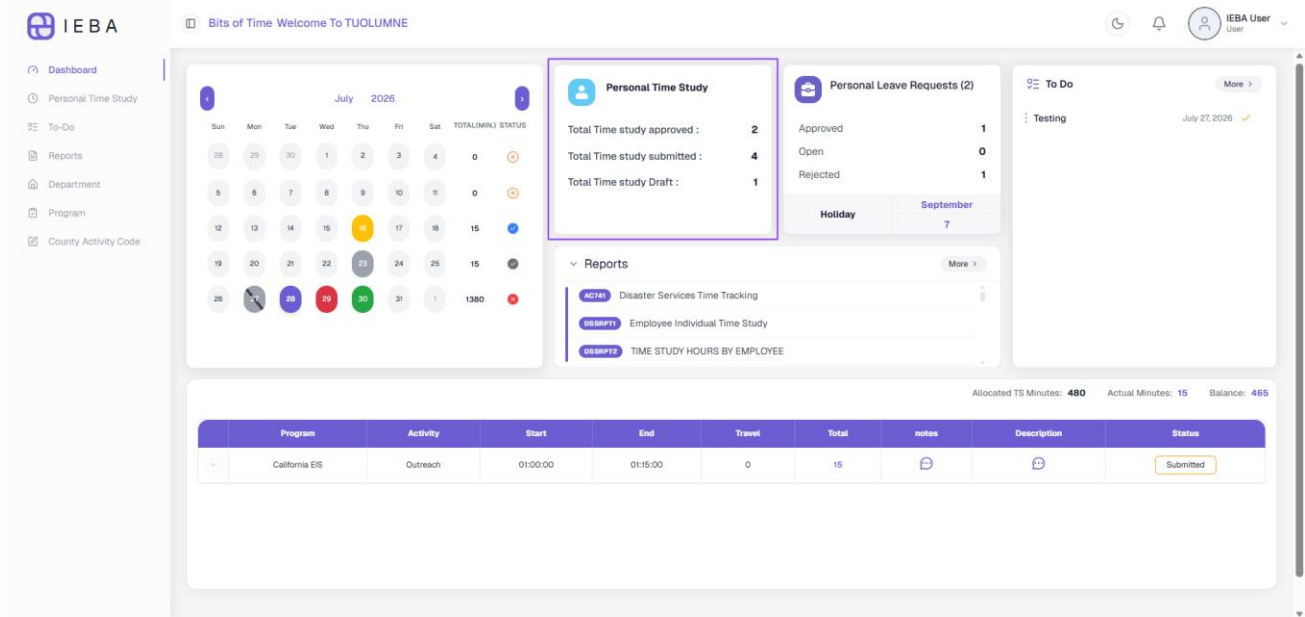

Program	Activity	Start	End	Travel	Total	notes	Description	Status
California EIS	Outreach	01:00:00	01:15:00	0	15			Submitted
PH-MAA	Other Activities				1			Submitted

3.2 Personal Time Study Card

Displays a summary of your time study records for the current period:

Field	What It Shows
Total Time Study Approved	Count of entries approved by your supervisor
Total Time Study Submitted	Count of entries submitted, pending review
Total Time Study Draft	Count of entries saved but not yet submitted

Note: Clicking anywhere on this card navigates directly to → /personal-time-study

The screenshot shows the IEBA dashboard interface. The 'Personal Time Study' card is highlighted with a red box. It displays the following data:

Category	Count
Total Time study approved :	2
Total Time study submitted :	4
Total Time study Draft :	1

Below the counts, there are sections for 'Personal Leave Requests (2)' and 'To Do'. The 'Personal Leave Requests' section shows counts for Approved (1), Open (0), and Rejected (1), along with a 'Holiday' section for September 7. The 'To Do' section shows a task 'Testing' due on July 27, 2026.

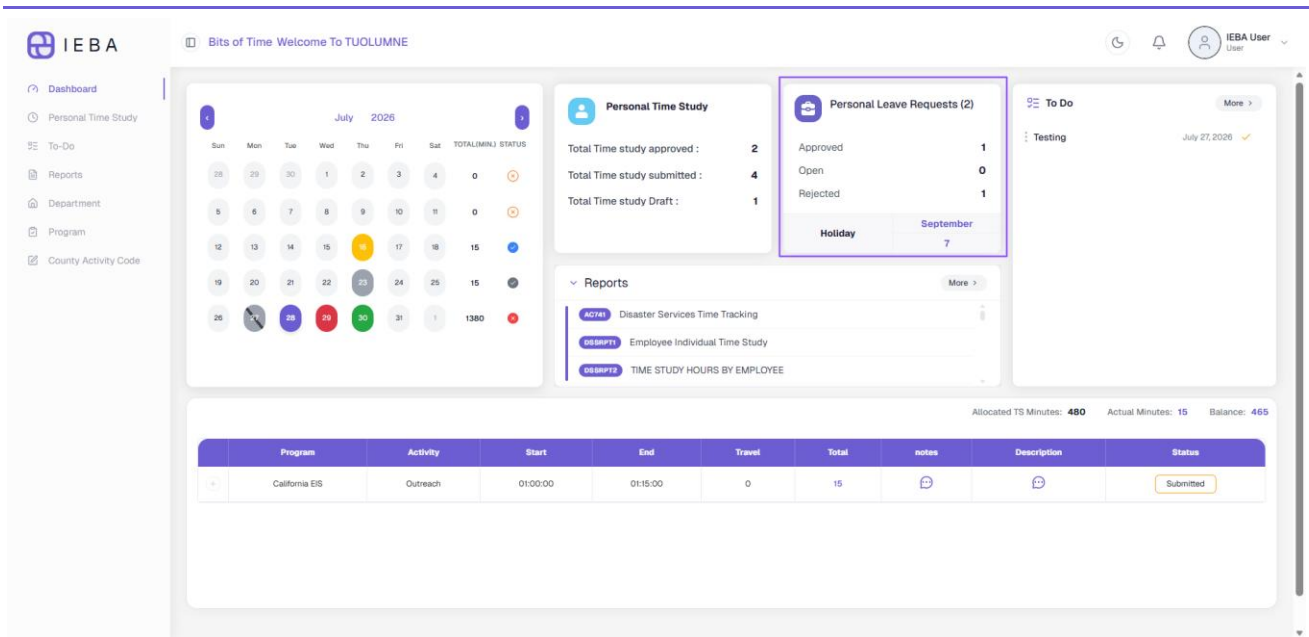

The bottom section of the dashboard shows a table of time study entries:

Program	Activity	Start	End	Travel	Total	notes	Description	Status
California EIS	Outreach	01:00:00	01:15:00	0	15			Submitted

3.3 Personal Leave Requests Card

The **Personal Leave Requests** card on the dashboard shows a summary of your leave request counts along with the next upcoming holiday.

- **Approved:** Count of leave requests approved by your supervisor. Clicking opens /personal-time-study filtered to Approved leave records.
- **Open:** Count of leave requests pending review (submitted or saved as draft). Clicking opens /personal-time-study filtered to Open leave records.
- **Rejected:** Count of leave requests that were not approved. Clicking opens /personal-time-study filtered to Rejected leave records.
- **Holiday:** Month and day of the next upcoming county holiday.

3.4 To-Do Card

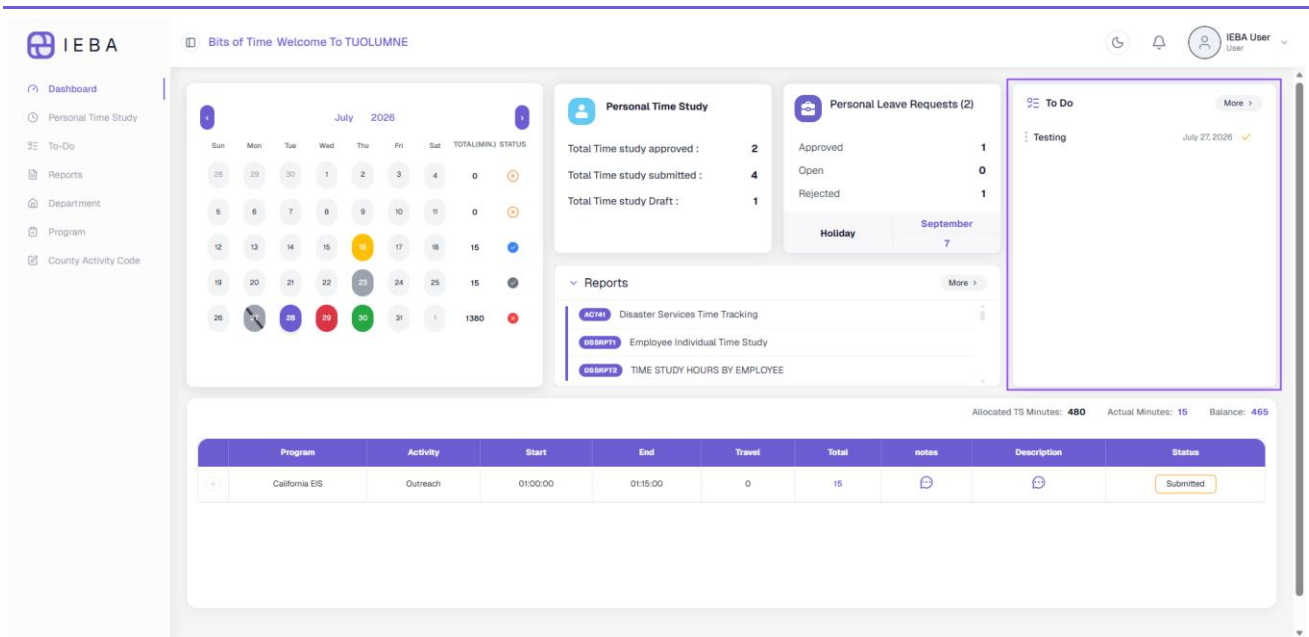

The **To-Do** card on the dashboard displays a preview of your personal to-do items — tasks that you create yourself as personal reminders or work notes.

Clickable Elements & Navigation:

- **More Button (top right):** Opens /to-do — opens the full To-Do page.
- **Any Task Row:** Opens /to-do — opens the full To-Do page.

What Each Item Shows:

- **Task Title:** Name of your personal task.
- **Date Created:** Date the task was added.
- **Status Icon:**
 - **Blue:** New
 - **Orange:** In Progress
 - **Green:** Completed

The dashboard displays the following components:

- Calendar:** July 2026. Total minutes: 1380.
- Personal Time Study:**
 - Total Time study approved: 2
 - Total Time study submitted: 4
 - Total Time study Draft: 1
- Personal Leave Requests (2):**
 - Approved: 1
 - Open: 0
 - Rejected: 1
- To Do:** Testing (July 27, 2026)
- Reports:**
 - AC141 Disaster Services Time Tracking
 - 05SEP11 Employee Individual Time Study
 - 05SEP12 TIME STUDY HOURS BY EMPLOYEE
- Table:**

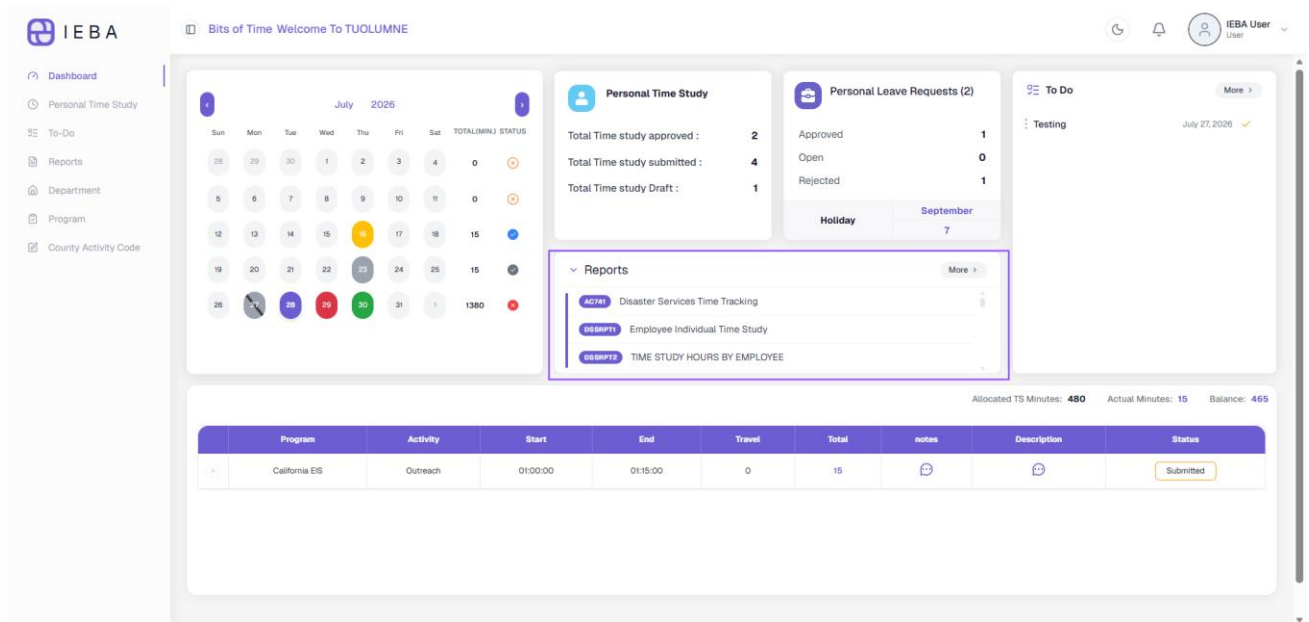

Program	Activity	Start	End	Travel	Total	notes	Description	Status
California EIS	Outreach	01:00:00	01:15:00	0	15			Submitted

3.5 Reports Card

The Reports card on the dashboard displays a list of reports available to you based on your assigned role

Clickable Elements & Navigation:

- **More Button (top right):** Opens /reports — navigates to the main Reports page.
- **Any Report Row:** Opens /reports with that specific report pre-selected.

The Reports card is highlighted, showing the following reports:

- AC141 Disaster Services Time Tracking
- 05SEP11 Employee Individual Time Study
- 05SEP12 TIME STUDY HOURS BY EMPLOYEE

3.6 Daily Time Study Entry Preview Table

The **Daily Time Study Entry Preview** table at the bottom of the Dashboard provides a **read-only** overview of all time study entries and leave records logged for the selected calendar date.

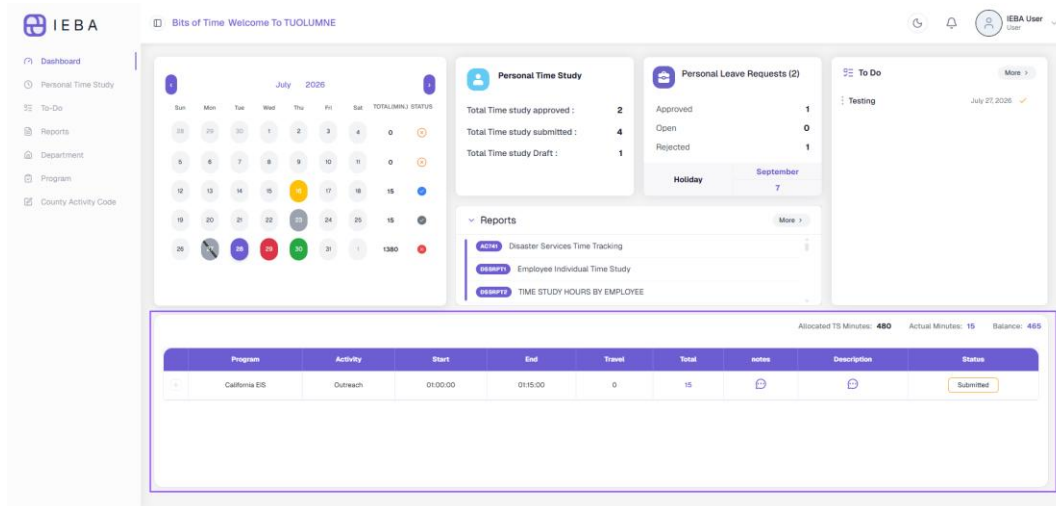

Header Summary Counters:

- **Allocated TS Minutes:** Total target time study minutes allocated for the day (e.g., 480 minutes = 8 hours).
- **Actual Minutes:** Total time study and leave minutes recorded for the selected date.
- **Balance:** Remaining time study minutes left for the selected day (Allocated TS Minutes - Actual Minutes).

Table Columns (Main Row):

- **[+] / [-] Expand Icon:** Expands or collapses MAA sub-rows. *(Appears only for users assigned to MAA programs when a time entry is entered or logged with MAA sub-codes).*
- **Program:** Program code or name.
- **Activity:** Activity name or code.
- **Start:** Start time of the entry.
- **End:** End time of the entry.
- **Travel:** Travel time in minutes.
- **Total:** Total minutes logged for the main entry.
- **notes:** Displays Daily Notes entered for that day. Hover or click the bubble icon to view the overall daily notes.
- **Description:** Displays the record description entered when saving that specific activity or leave entry. Hover or click the bubble icon to view the record description
- **Status:** Current approval status badge for that particular record (e.g., Approved, Submitted, Draft).

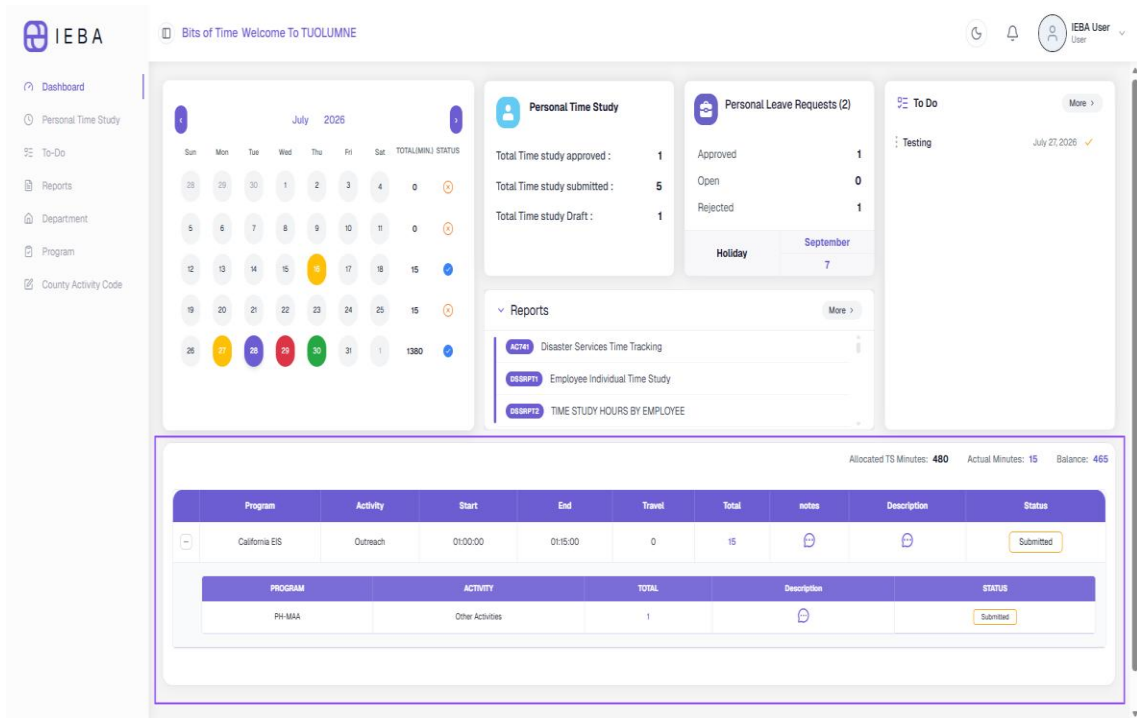

Note: Hover over message icon in notes and description to see its full description in a tooltip.

The screenshot shows the IEBA Dashboard interface. At the top, there's a navigation bar with the IEBA logo and user information. The main content area is divided into several sections: a calendar for July 2025, a 'Personal Time Study' summary, 'Personal Leave Requests (2)', and a 'To Do' list. Below these, there's a 'Reports' section with links to 'Disaster Services Time Tracking', 'Employee Individual Time Study', and 'TIME STUDY HOURS BY EMPLOYEE'. At the bottom, a table titled 'Daily Time Study Entry Preview' is displayed. The table has columns for Program, Activity, Start, End, Travel, Total, notes, Description, and Status. A single row is visible for 'California EIS' with activity 'Outreach', start time '01:00:00', end time '01:15:00', travel time '0', total time '15', and status 'Submitted'.

- **MAA Entry (With MAA Multicode Sub-Rows): Only for Multicode Users**
 - Available for users assigned to MAA programs and who fill out entries using MAA sub-codes.
 - Displays a [+] expand icon on the far left.
 - How to Open MAA Details: Click the [+] icon next to the row. The row expands to display a sub-table with:

- **PROGRAM:** Specific MAA program code (e.g., 123-MAA).
- **ACTIVITY:** Specific MAA sub-activity name.
- **TOTAL:** Total minutes entered for that specific MAA record.
- **Description:** MAA sub-activity description.
- **STATUS:** Approval status of the MAA sub-row.

The screenshot displays the IEBA dashboard for a user named 'IEBA User'. The main section features a calendar for July 2026. A sidebar on the left contains navigation links: Dashboard, Personal Time Study, To-Do, Reports, Department, Program, and County Activity Code. The dashboard includes several widgets: 'Personal Time Study' showing totals for approved, submitted, and draft time study; 'Personal Leave Requests (2)' showing approved, open, and rejected requests; and a 'To Do' list. Below these is a 'Reports' section with links to 'Disaster Services Time Tracking', 'Employee Individual Time Study', and 'TIME STUDY HOURS BY EMPLOYEE'. At the bottom, a detailed time entry table is shown, which is read-only. The table has columns for Program, Activity, Start, End, Travel, Total, notes, Description, and Status. It displays two entries: one for 'California ES Outreach' and another for 'PH-MAA Other Activities'. The status for both is 'Submitted'.

Program	Activity	Start	End	Travel	Total	notes	Description	Status
California ES	Outreach	01:00:00	01:15:00	0	15			Submitted
PH-MAA	Other Activities				1			Submitted

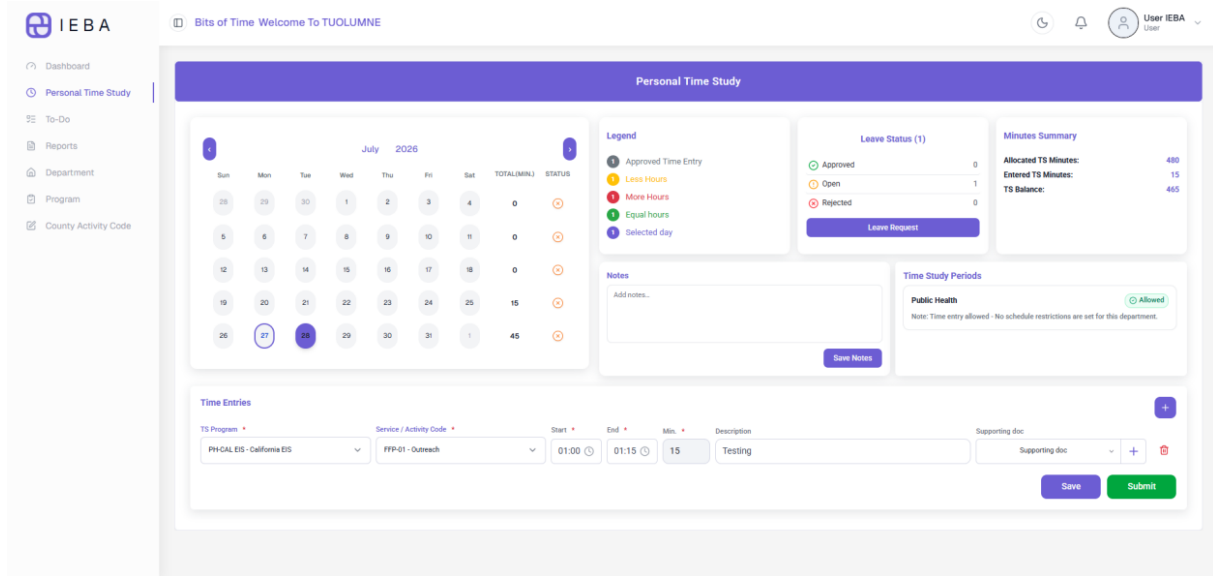

Note: This time entry table on the dashboard is read-only. It displays both Personal Time Study entries and Leave Requests for the selected date on the calendar. To add, edit, or manage entries, navigate to the main Personal Time Study page (/personal-time-study).

4. PERSONAL TIME STUDY

The Personal Time Study module is the core component of the application. It allows users to log daily work activities, record time spent on specific programs and activity, submit personal leave requests, and track supervisor approval statuses.

Key Functions:

- **Log Daily Work Activities:** Record time spent on specific programs and activity codes with start and end times.
- **Manage Personal Leave:** Submit leave requests and monitor leave approval status.
- **Track Daily & Weekly Minutes:** View allocated target minutes versus actual logged minutes.

Personal Time Study

July 2026

Sun	Mon	Tue	Wed	Thu	Fri	Sat	TOTAL(MIN)	STATUS

Buttons: Save, Submit

4.1 Time Entries Card:

The Time Entries card is located at the bottom of the Personal Time Study page. It enables users to log, edit, and submit their daily time study entries for the selected calendar date.

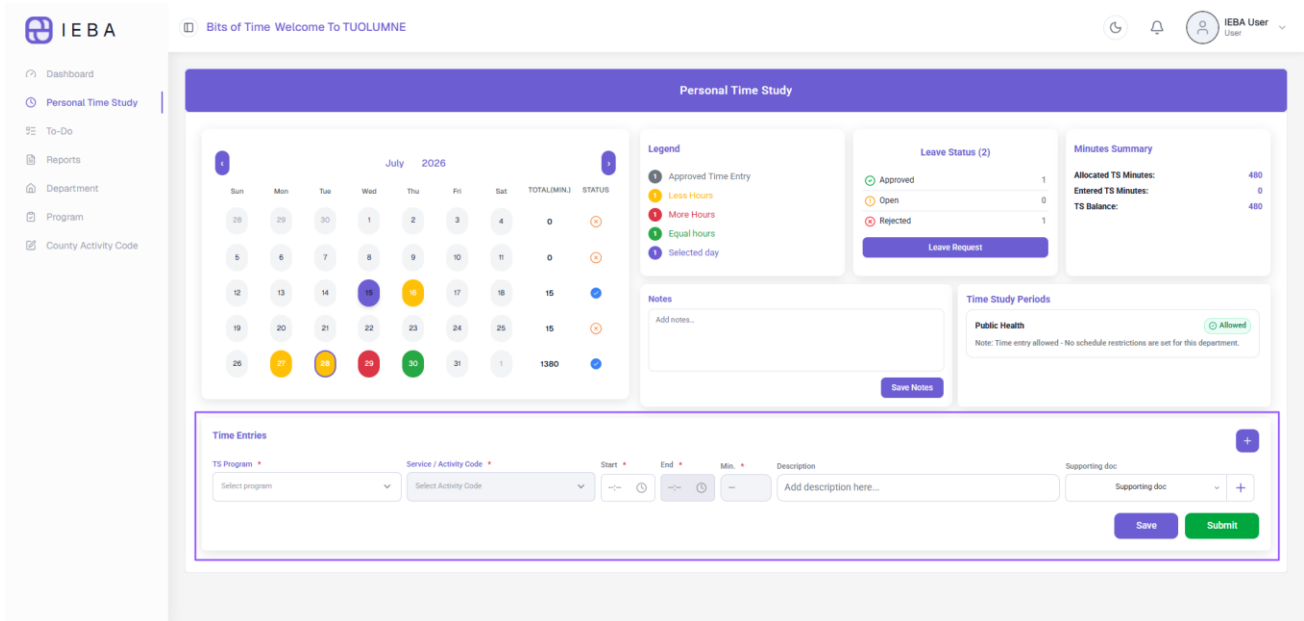

1. Form Fields

- **TS Program:** Dropdown menu to select your assigned Program (e.g., *PH-CCS - California Children's Services*).
- **Activity Code:** Dropdown menu to select the specific Activity Code (e.g., *FTP-02 - SPMP Admin Medical Case Management*).
- **Start:** Start time of the activity (HH:MM format, e.g., 01:15).
- **End:** End time of the activity (HH:MM format, e.g., 01:30).
- **Min:** Total duration in minutes for the entry. Automatically calculated based on Start and End times (e.g., 15 minutes).
- **Description:** Optional text field to enter description or details about the activity performed.
- **Supporting doc:** Upload button to attach supporting document files (e.g., PDF, PNG, JPG attachments).
- **(Purple Plus Icon):** The purple button on the top used to add a new time entry row.
- **(Red Trash Can Icon):** Button to delete the selected entry row.

Action Buttons:

- **Save (Purple Button):** Saves your entries as Draft (allows you to pause and return later).

- **Submit (Green Button):** Submits your completed entries for the selected day to your supervisor for review.

Time Entry Statuses to Be Noted (Draft, Submitted, Opened, Approved, Rejected):

Draft Status (draft):

- **Trigger:** Created when you click the Save (Purple) button.
- **Form State:** Fully Unlocked.
- **Actions Allowed:**
 - **Can Edit:** All input fields (Program, Activity Code, Start/End Times, Description) remain editable.
 - **Can Add Rows:** The + (Add Row) button is enabled so you can add new entry rows.
 - **Can Delete Rows:** The Delete Row icon is enabled so you can remove rows.
- **Next Step:** Saved as a personal draft on your account (not sent to supervisor). Click Submit when ready to send for review.

Submitted Status (submitted):

- **Trigger:** Created when you click the Submit (Green) button.
- **Form State:** Locked / Read-Only (Pending supervisor review).
- **Actions Disabled:**
 - **Cannot Edit:** All input fields (Program, Activity Code, Start/End Times, Description) are locked.
 - **Cannot Add Rows:** The + (Add Row) button is disabled/hidden.
 - **Cannot Delete Rows:** The Delete Row icon is disabled/hidden.
- **Next Step:** Sent directly to your supervisor's queue for formal review and approval.

Approved Status (approved):

- **Trigger:** Set when your supervisor reviews and approves your submitted time study record.
- **Form State:** Permanently Locked / Read-Only (Green badge).
- **Actions Disabled:**
 - **Cannot Edit:** All entry fields are permanently read-only.
 - **Cannot Add Rows:** You cannot add new rows (+ disabled).
 - **Cannot Delete Rows:** You cannot delete existing rows (disabled).
- **Next Step:** Official time record locked. Can only be edited if re-opened by a supervisor.

Rejected Status (rejected):

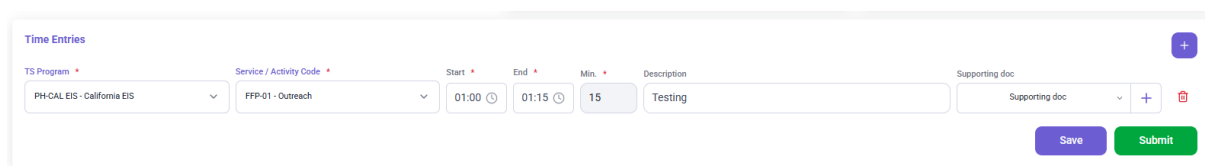

- **Trigger:** Set when your supervisor reviews and rejects your submitted time study record.
- **Form State:** Automatically Unlocked
- **Actions Allowed:**
 - **Can Edit:** Fields unlock so you can fix errors or adjust hours.
 - **Can Add Rows:** The + (Add Row) button is enabled so you can add missing activities.
 - **Can Delete Rows:** The Delete icon is enabled so you can remove incorrect rows.
- **Next Step:** After fixing errors, click Submit (Green button) to send it back to your supervisor for review.

Opened Status (opened):

- **Trigger:** Set when your supervisor re-opens a previously approved time study record to allow updates or corrections.
- **Form State:** Unlocked by Supervisor.
- **Actions Allowed:**
 - **Can Edit & Refill:** Unlocks the previously approved record so you can edit hours, update details, or re-fill entries.
 - **Can Add & Delete Rows:** You can click + to add new entry rows or remove rows.
- **Next Step:** Once you finish editing, click Submit (Green button) again to resubmit the updated time study to your supervisor for re-approval.

Unblocked Time Entry Form View (example image)

Status Applied: Draft, Opened, Rejected

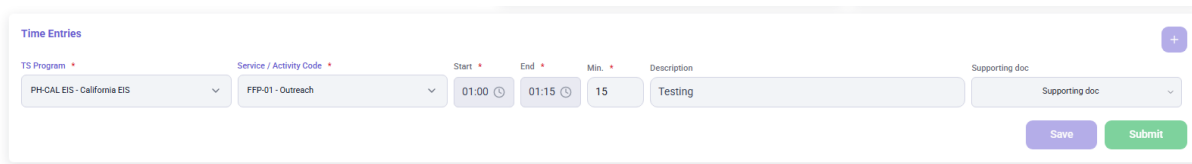

The screenshot shows a 'Time Entries' form with the following fields and controls:

- TS Program:** A dropdown menu with 'PH-CAL EIS - California EIS' selected.
- Service / Activity Code:** A dropdown menu with 'FFP-01 - Outreach' selected.
- Start:** A time input field with '01:00' and a clock icon.
- End:** A time input field with '01:15' and a clock icon.
- Min:** A numeric input field with '15'.
- Description:** A text input field with 'Testing'.
- Supporting doc:** A dropdown menu with 'Supporting doc' selected, followed by a '+' button and a trash icon.
- Buttons:** A blue 'Save' button and a green 'Submit' button.

Blocked Time Entry Form View (example image)

Status Applied: Submitted, Approved

The image shows a 'Time Entries' form with the following fields: TS Program (PHCAL EIS - California EIS), Service / Activity Code (FFP-01 - Outreach), Start (01:00), End (01:15), Min. (15), Description (Testing), and Supporting doc (Supporting doc). There are 'Save' and 'Submit' buttons at the bottom right.

Leave Records in the Time Entries Form:

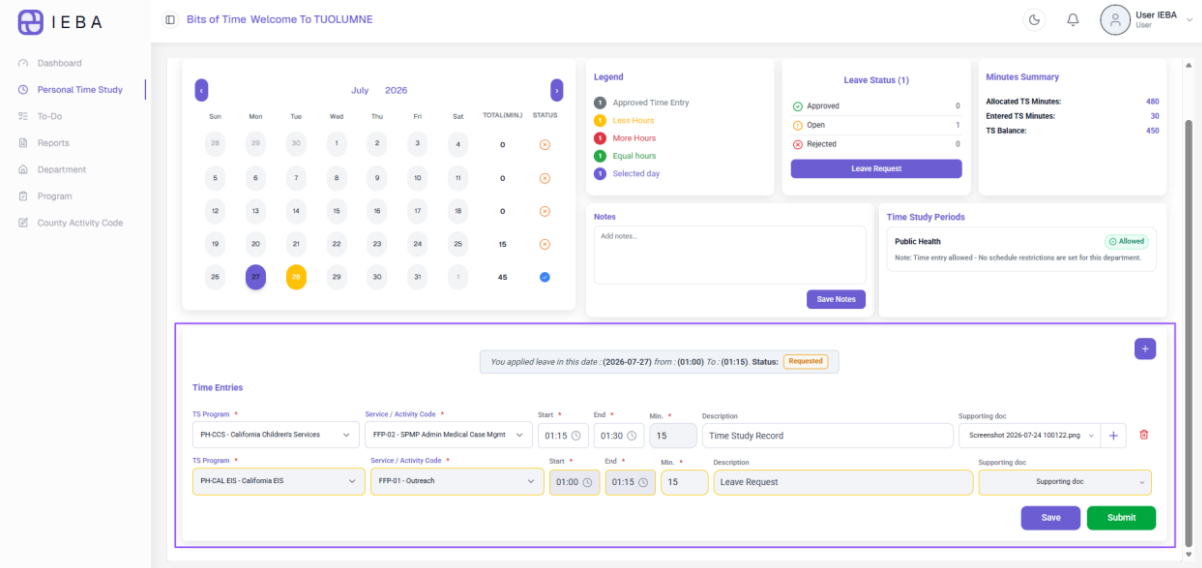

When a personal leave request exists for the selected calendar date, it is automatically integrated and visually highlighted inside the Time Entries form with a yellow border.

Leave Notification Banner:

A prominent information banner appears at the top of the Time Entries form:

- **Banner Format:** You applied leave in this date : (YYYY-MM-DD) from : (HH:MM) To : (HH:MM). Status: [Status]
- **Information Displayed:** Displays the date of the leave, the exact start and end times of the leave block, and the current leave status (e.g., Requested, Approved, Draft).

Note: Time entry rows with a yellow border represent your leave record of that selected day.

The image shows the IEBA dashboard with a sidebar menu (Dashboard, Personal Time Study, To-Do, Reports, Department, Program, County Activity Code). The main content area includes a calendar for July 2026, a legend for time entry status (Approved, Less Hours, More Hours, Equal hours, Selected day), a 'Leave Status (1)' section with a 'Leave Request' button, a 'Minutes Summary' section showing 'Allocated TS Minutes: 480', 'Entered TS Minutes: 30', and 'TS Balance: 450', a 'Notes' section, and a 'Time Study Periods' section with a 'Public Health' entry. At the bottom, the 'Time Entries' form is displayed, showing a banner for a leave request on 2026-07-27 from 01:00 to 01:15 with status 'Requested'. The form includes fields for TS Program, Service / Activity Code, Start, End, Min., Description, and Supporting doc, with 'Save' and 'Submit' buttons.

Time Entries Card (For Users assigned with MultiCode Code):

For users assigned to MultiCode (e.g., MAA), the Time Entries form allows you to attach nested MultiCode sub-rows directly under any main time study activity block.

1. Main Row Fields vs MAA Sub-Row Fields:

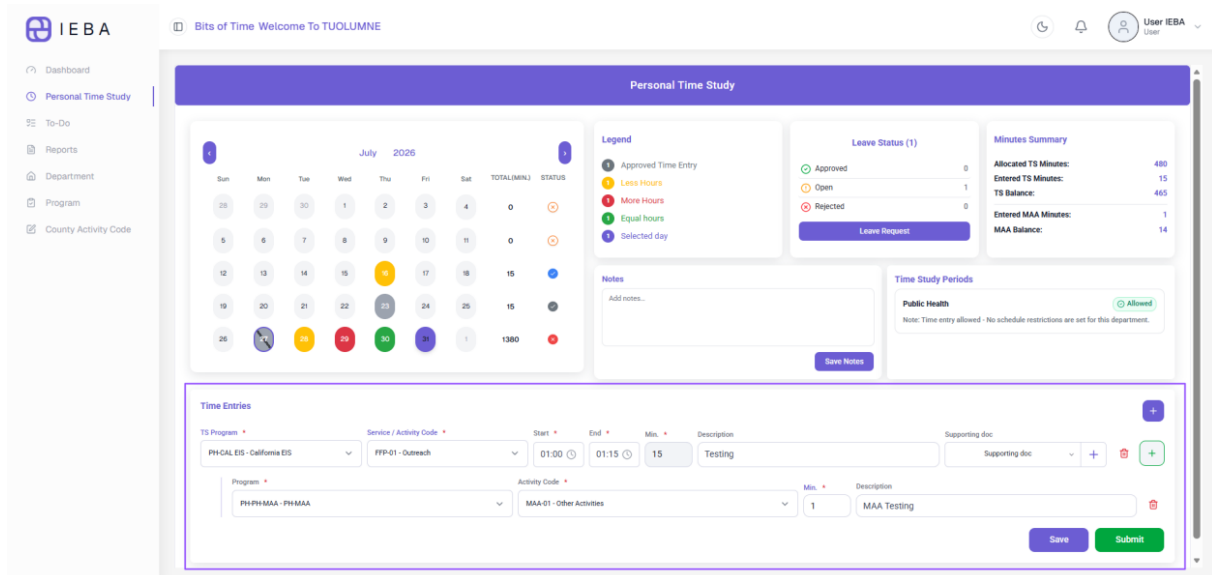

- **Main Activity Row (Top Row):**
 - **TS Program:** Main program dropdown selection.
 - **Activity Code:** Main activity code selection.
 - **Start & End:** Main activity start and end times (e.g., 01:00 to 01:15).
 - **Min:** Total main block duration in minutes (e.g., 15 minutes).
 - **Description:** Description notes for the main activity block.
 - **Supporting doc:** Attachment upload dropdown for supporting documents.
- **MAA Sub-Row (Nested Row):**
 - **Program:** Dropdown to select the MAA program code (e.g., PH-PH-MAA - PH-MAA).
 - **Activity Code:** Dropdown to select the specific MAA sub-activity (e.g., MAA-01 - Other Activities).
 - **Min:** Minutes allocated to this specific MAA sub-activity (e.g., 1 minute).
 - **Description:** Text notes for the MAA sub-row (e.g., *MAA Testing*).

2. How to Add and Delete MAA Sub-Rows:

- **Add MAA Sub-Row:** Click the small green + button (located next to the Supporting doc field on the main row) to add a nested Multicode sub-row beneath the main activity block.
- **Delete Multicode Sub-Row:** Click the red trash can icon on the far right of the Multicode sub-row to delete that Multicode entry.

Note 1 (Multicode Minute Limits): The total minutes entered across all your multicode sub-rows must not exceed the parent main row's total duration (for example, if your main activity block is 15 minutes, the sum of your multicode sub-row minutes cannot exceed 15 minutes).

Note 2 (Weekly Total Exclusion): Multicode sub-row minutes are sub-allocations within the main activity block and are not added to the weekly total minutes (TOTAL(MIN.)) on the calendar to avoid double-counting.

4.2 CALENDAR:

The Calendar allows you to click on any date of the month to view, enter, edit, and track your daily time study entries and leave requests.

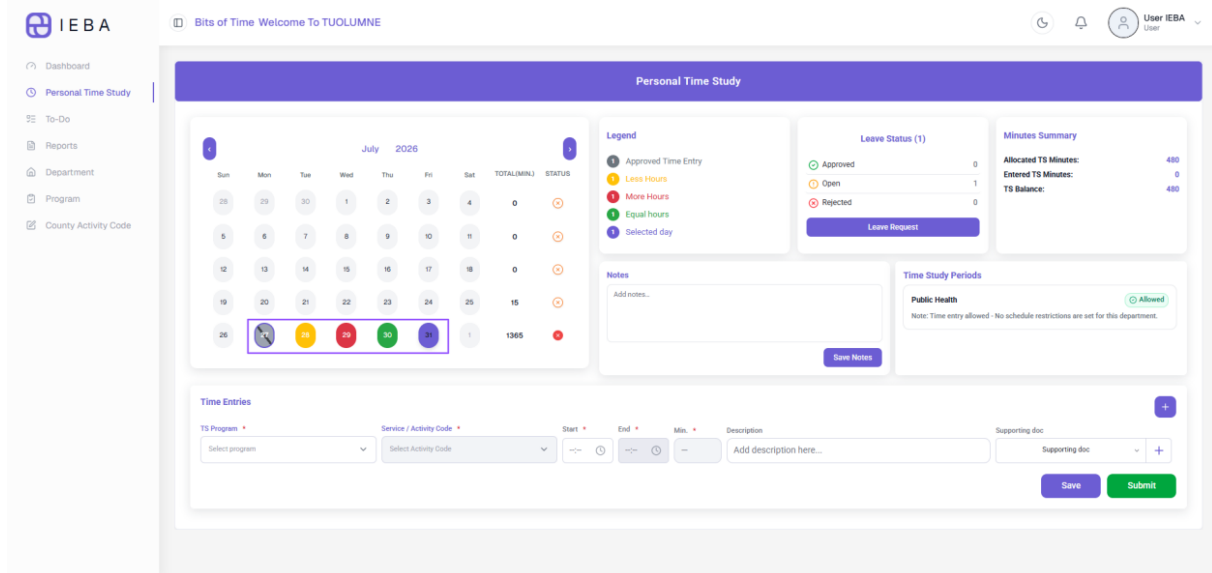

4.3 Legend & Calendar Day Cell Colors:

The Legend explains the status badges and color indicators displayed inside individual calendar day cells:

- **Grey Circle:** Approved Time Entry — Appears inside day cells where your time study entry has been reviewed and approved by your supervisor.
- **Yellow Circle:** Less Hours — Appears inside day cells where your total logged minutes for that day are less than the allocated daily target (e.g., less than 480 minutes).
- **Red Circle:** More Hours — Appears inside day cells where your total logged minutes for that day exceed the allocated daily target (e.g., more than 480 minutes).
- **Green Circle:** Equal Hours — Appears inside day cells where your total logged minutes for that day exactly match the allocated daily target (e.g., exactly 480 minutes).
- **Solid Purple Circle:** Selected Day — Highlights the currently active day selected on your calendar.
- **Blue Outline Ring:** Highlights Today's Date so you can quickly identify the current day.

Rejected Day: Diagonal Slash Line (\) Displayed diagonally across a date cell to indicate a Rejected time study entry.

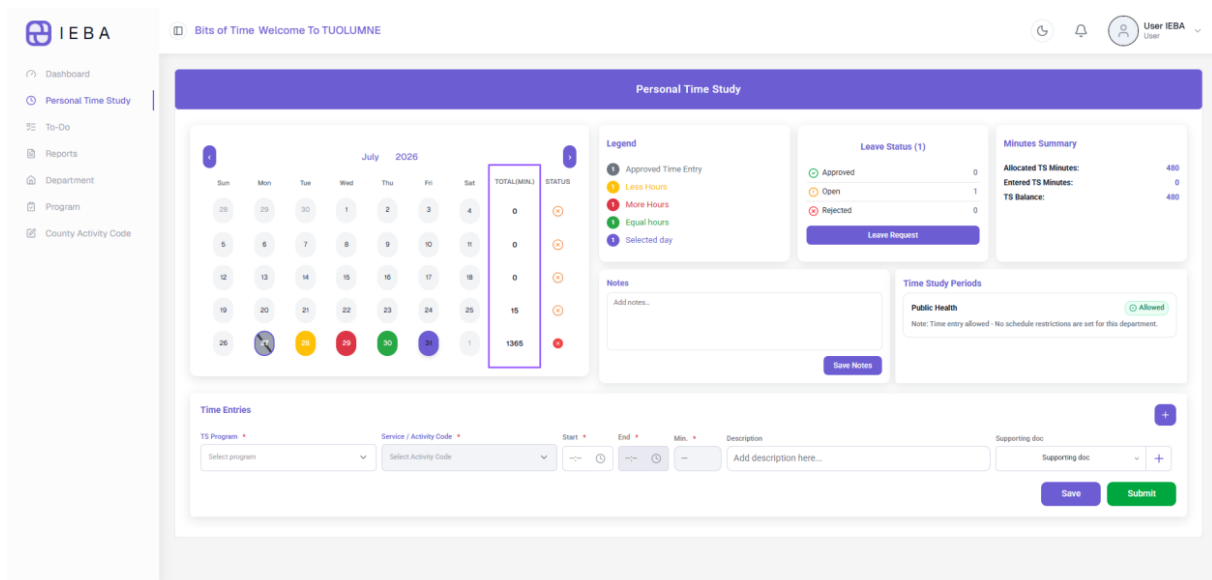

Note: Draft and Opened days do not have any status badge colour on the calendar. They display as plain, neutral date cells until the time sheet is submitted.

Weekly Total Minutes (TOTAL(MIN.) Column):

- **Weekly Sum:** The TOTAL(MIN.) column on the far right of each calendar row calculates the total combined minutes (standard work activities + leave time) logged across all 7 days of that week.

Note: Time entries across all statuses (Draft, Submitted, Opened, Approved, and Rejected) are included in the TOTAL(MIN.) calculation. (MAA sub-code records are NOT counted)

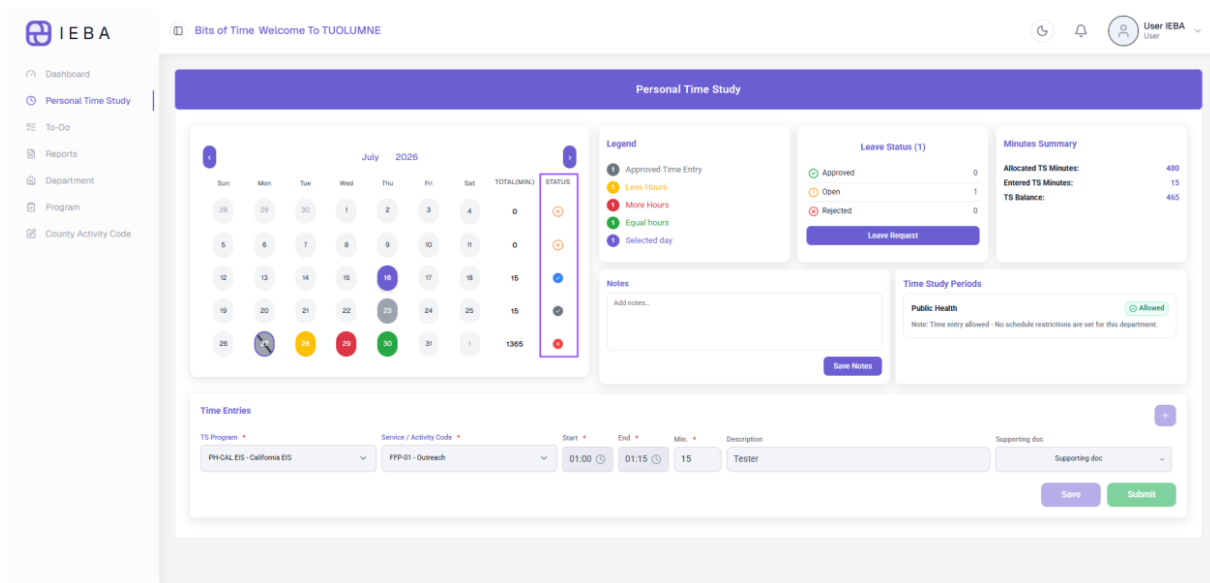

STATUS COLUMN:

The STATUS column located on the far right of each calendar row displays an icon summarizing the overall submission and approval state for that entire week:

- **Orange (Not Submitted):** Time entries for these weeks have not been submitted yet.

- **Blue (Submitted):** Time entries for this week have been submitted to your supervisor and are currently pending review.
- **Grey (Approved):** All time entries for this week have been reviewed and approved by your supervisor.
- **Solid Red (Rejected):** At least one day in this week was rejected by your supervisor. You must select the rejected date, correct the entries, and click Submit to resubmit the week for approval.

Note: If even a single day within a week is rejected by your supervisor, the weekly STATUS icon for that entire week turns Solid Red (Rejected). To resolve this, you must click on the rejected date (marked with a diagonal slash line \), fix or correct your entries, and click Submit — which resubmits that corrected day back to your supervisor for re-approval.

The screenshot displays the 'Personal Time Study' interface. On the left is a sidebar with navigation options: Dashboard, Personal Time Study (selected), To-Do, Reports, Department, Program, and County Activity Code. The main area features a calendar for July 2026. The STATUS column on the right of the calendar shows icons for each day: a purple star for the 26th, a red circle for the 27th, a green circle for the 28th, and a blue circle for the 29th. A purple box highlights the STATUS column header and the 26th. To the right of the calendar is a 'Legend' section with icons for Approved Time Entry, Less Hours, More Hours, Equal hours, and Selected day. Below the legend is a 'Notes' section with a text area and a 'Save Notes' button. To the right of the notes is a 'Leave Status (1)' section with a 'Leave Request' button. Further right is a 'Minutes Summary' section showing 'Allocated TS Minutes: 480', 'Entered TS Minutes: 15', and 'TS Balance: 465'. At the bottom is a 'Time Entries' table with columns for TS Program, Service / Activity Code, Start, End, Min., Description, and Supporting doc. The table contains one entry for 'PHYCAL EIS - California EIS' with a start time of 01:00 and an end time of 01:15. A 'Save' button and a 'Submit' button are at the bottom right of the table.

4.4 Daily Notes Card & Calendar Tooltip:

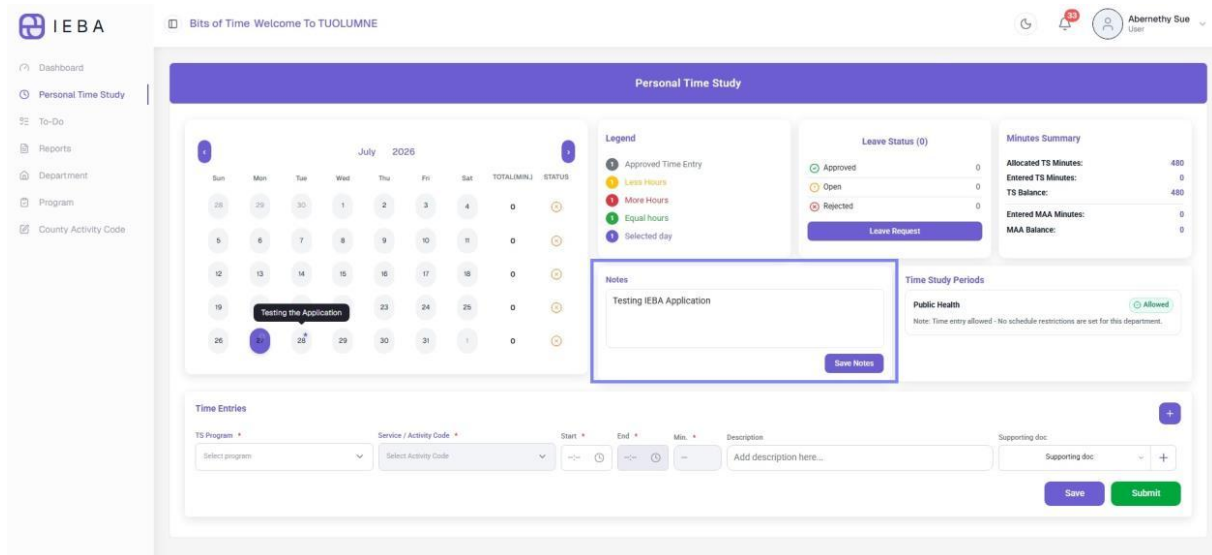

The **Notes** card allows you to enter general daily notes or comments for any selected date on your calendar.

1. How to Enter and Save Daily Notes:

- **Select Date:** Click any date on the calendar grid to select it as the active day.
- **Enter Note Text:** Type your notes inside the text area in the Notes card (e.g., "Testing IEBA Application").
- **Save Note:** Click the Save Notes (Purple) button to save the notes for that day.

2. How Notes Display on Calendar Date Cells:

- **Purple Star Icon (★):** Once notes are saved for a date, a small purple star icon (★) automatically appears in the top-right corner of that day cell on the calendar.
- **Hover Tooltip Preview:** Hovering your mouse over any date cell with a star icon (★) displays a pop-up tooltip showing your saved note text (e.g., "Testing the Application").

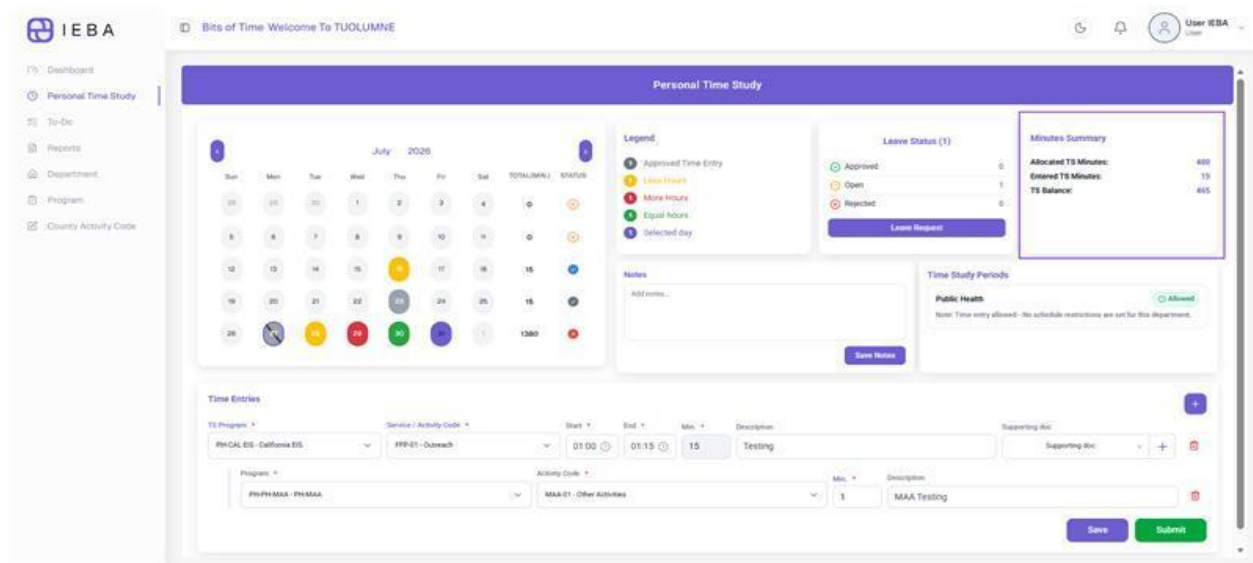

The screenshot shows the 'Personal Time Study' interface. At the top, there's a navigation bar with 'Dashboard', 'Personal Time Study', 'To-Do', 'Reports', 'Department', 'Program', and 'County Activity Code'. The main area features a calendar for July 2026 with a 'Testing the Application' entry on the 26th. A 'Legend' box explains the entry types: Approved Time Entry (green), Less Hours (yellow), More Hours (red), Equal hours (blue), and Selected day (purple). To the right, the 'Leave Status (0)' section shows 'Approved' (0), 'Open' (0), and 'Rejected' (0). The 'Minutes Summary' card displays: 'Allocated TS Minutes: 480', 'Entered TS Minutes: 0', 'TS Balance: 480', 'Entered MAA Minutes: 0', and 'MAA Balance: 0'. Below this, the 'Time Study Periods' section shows 'Public Health' as 'Allowed'. At the bottom, the 'Time Entries' section has fields for 'TS Program', 'Service / Activity Code', 'Start', 'End', 'Min', 'Description', and 'Supporting doc'.

4.5 Minutes Summary Card:

The Minutes Summary card (located on the top right of the page) provides real-time tracking of your required target minutes versus actual logged minutes for the selected calendar date.

Standard Time Study (TS) Counters:

- **Allocated TS Minutes:** Total target time study minutes allocated for the selected day (e.g., 480 minutes = 8 hours).
- **Entered TS Minutes:** Total minutes entered (work activities + leave time combined) for that selected day (e.g., 15 minutes).
- **TS Balance:** Remaining time study minutes left to complete for the selected day (Allocated TS Minutes - Entered TS Minutes = 480 - 15 = 465 minutes).

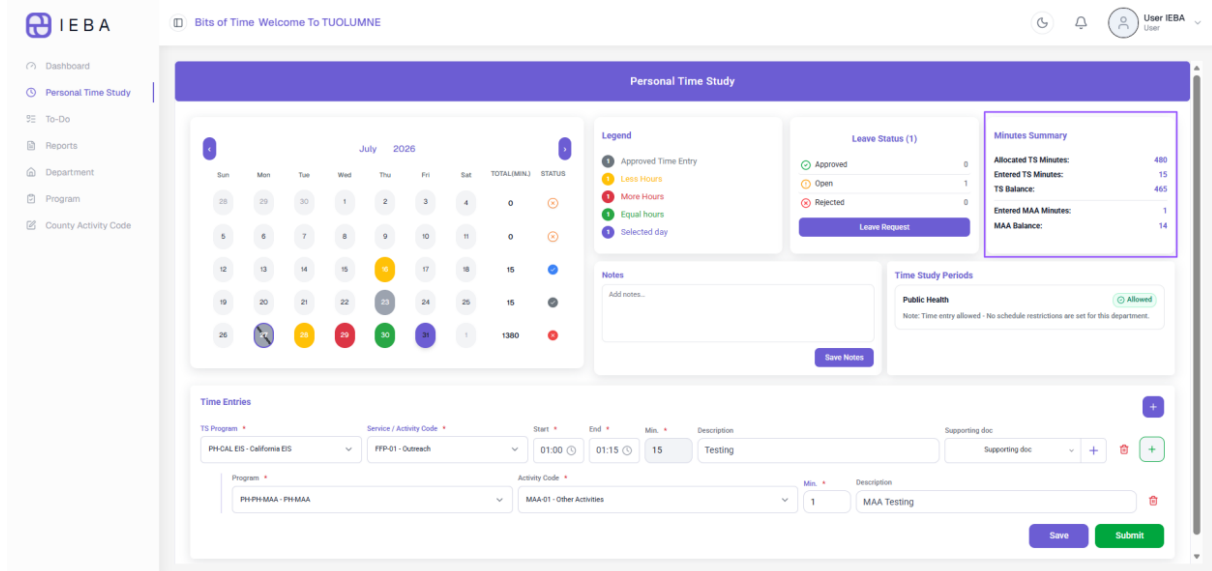

This screenshot shows the 'Personal Time Study' interface with more data entered. The calendar for July 2026 shows several entries, including 'Testing the Application' on the 26th. The 'Leave Status (1)' section now shows 'Approved' (1). The 'Minutes Summary' card displays: 'Allocated TS Minutes: 480', 'Entered TS Minutes: 15', 'TS Balance: 465', 'Entered MAA Minutes: 0', and 'MAA Balance: 0'. The 'Time Study Periods' section shows 'Public Health' as 'Allowed'. The 'Time Entries' section at the bottom shows a detailed entry for 'PPH-01 - Outreach' with a start time of 01:00, end time of 01:15, and duration of 15 minutes. Below this, there's a section for 'Program' and 'Activity Code' with 'PPH-MAA - PPH-MAA' and 'MAA-01 - Other Activities' selected, and a duration of 1 minute for 'MAA Testing'.

4.6 Minutes Summary for Users with Multicode:

When a user logs time using multicode sub-rows, the Minutes Summary card displays two additional counters: Entered Multicode Minutes and Multicode Balance.

How Multicode Counters Work (Step-by-Step):

- **Parent Activity Block Duration (Min.):**
 - The main time study row sets the total time block duration (e.g., Start 01:00 to End 01:15 = 15 minutes).
 - This 15 minutes acts as the maximum target allocation for multicode sub-rows under this entry.
- **Entered Multicode Minutes:**
 - **What it shows:** Total sum of all minutes entered across your nested multicode sub-rows.
 - **Example:** If your sub-row has 1 minute, Entered Multicode Minutes displays 1.
- **Multicode Balance:**
 - **What it shows:** Remaining unallocated minutes left inside that parent activity block.
 - **Calculation Formula:** Parent Main Row Duration (Min.) - Entered Multicode Minutes
 - **Example:** 15 minutes (Main Row) - 1 minute (Sub-Row) = 14 minutes.
 - **Behavior:** As you add more multicode sub-rows or increase their minutes, Multicode Balance decreases until all 15 minutes are fully allocated (reaching 0).

4.7 Time Study Periods Card:

The Time Study Periods card indicates whether time entry is currently allowed for your assigned department(s) on the selected calendar date.

Card Fields & Information:

- **Department Name:** Displays your assigned department name (e.g., *Public Health*).
- **Status Badge:**
 - **Allowed** (Green Badge): Time entry is active and permitted for the selected date.
 - **Not Allowed** (Red Badge): Time entry is restricted or not allowed for the selected date.
- **Period Date Range:** Displays the configured start and end dates for active time study schedule periods (e.g., *Period: 2026-07-01 to 2026-07-31*).
- **Allowed Scenarios** (Green Allowed Badge):
 - "Time entry allowed - No schedule restrictions are set for this department."
 - "Time entry allowed - You are within your scheduled time study period."
 - "Time Study Period expired, but active multicode configuration allows it from [Start Date] to [End Date]." (*For users with active multicode override configuration*)
- **Not Allowed Scenarios** (Red Not Allowed Badge):
 - "Time entry not allowed - You are trying to enter data outside your scheduled time study period"

All System Messages Explained

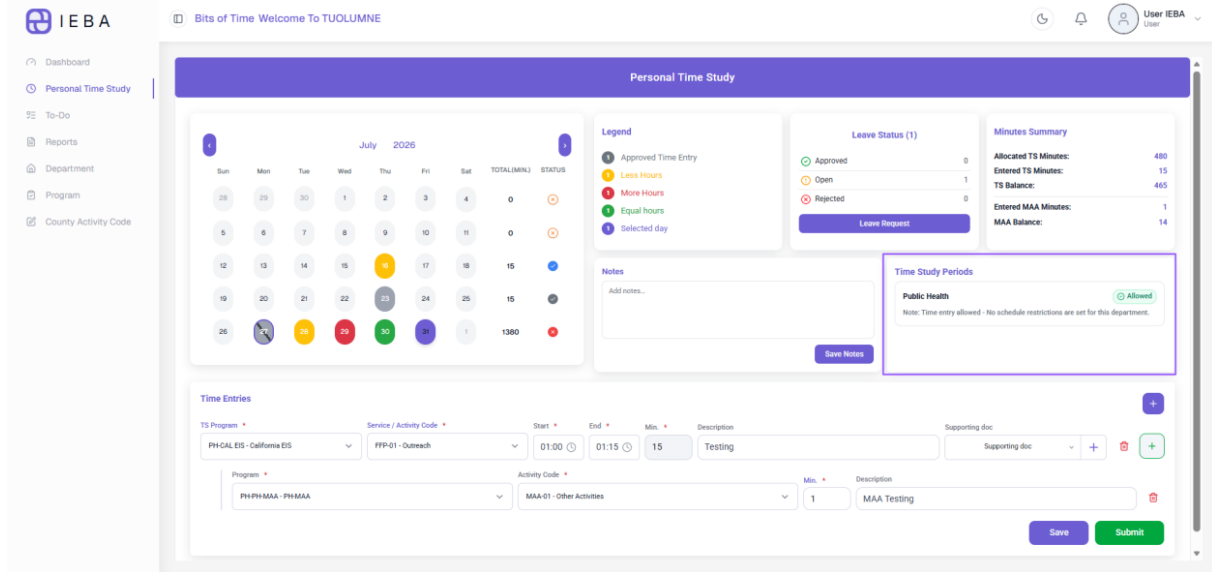

1. Allowed Messages (Green Allowed Badge)

- **Message 1:** "Time entry allowed - No schedule restrictions are set for this department."
 - What it Means: Administrators have not configured any specific start or end pay period restrictions for your assigned department.
 - How it Works: Time entry, editing, and submission are fully unlocked for all calendar dates without date limits.
- **Message 2:** "Time entry allowed - You are within your scheduled time study period."
 - What it Means: The selected calendar date falls squarely within your department's active published time study schedule range (Start Date to End Date).
 - How it Works: Time entry is fully permitted, enabling all form fields, row creation (+), and submission controls.
- **Message 3:** "Time Study Period expired, but active multicode configuration allows it from [Start Date] to [End Date]." (or ...from [Start Date])
 - What it Means: Although your department's regular time study period has expired, your account has an active Multicode (MAA) Override Permission granted by an administrator.
 - How it Works: The active multicode override bypasses the expired schedule block, granting you special authorization to log and submit entries within the override date range.

2. Not Allowed Messages (Red Not Allowed Badge):

- **Message 4:** "Time entry not allowed - You are trying to enter data outside your scheduled time study period"
 - What it Means: You selected a calendar date that is outside (before the start date or after the end date) your department's active schedule period, and no multicode override exists.

- o How it Works: Form inputs (Program, Activity Code, Start/End times), Add Row buttons (+), and Submit controls are completely blocked and disabled.

4.8 EMPLOYEE LEAVE REQUEST MODAL:

1. How to Apply for Employee Leave (Modal & Rules):

Click the Leave Request button (Purple) on the Leave Status Card to open the Employee Leave Request modal.

Form Fields Explained:

- **Date:** Select the date for your leave request using the date picker (dd-mm-yyyy).
- **Program Code:** Dropdown menu to select the assigned program to charge the leave against.
- **Activity Code:** Dropdown menu to select the specific leave activity code.
- **Start Time & End Time:** Time pickers to define the start and end time block of your leave.
- **Total Min Applied:** Read-only field that automatically calculates the total leave duration in minutes.
- **Comments:** Optional text box to enter comments or reasons for your supervisor.
- **(Plus Icon):** Click to add another leave request row inside the modal.
- **(Trash Can Icon):** Click to remove a leave request row.

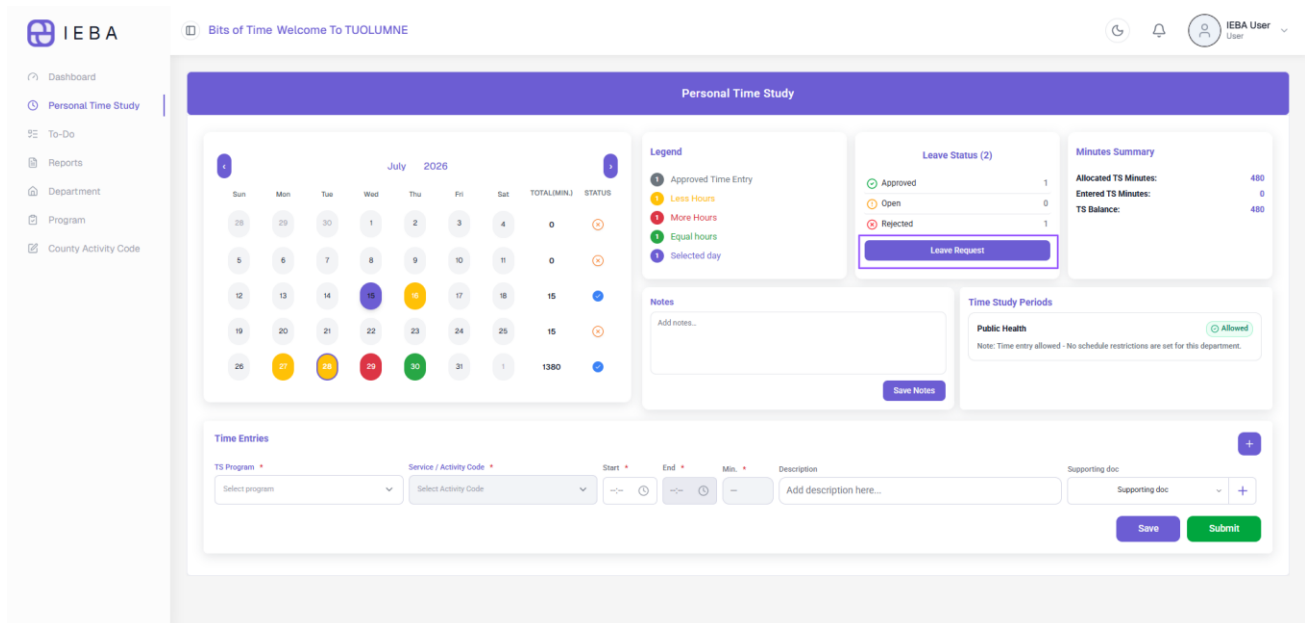

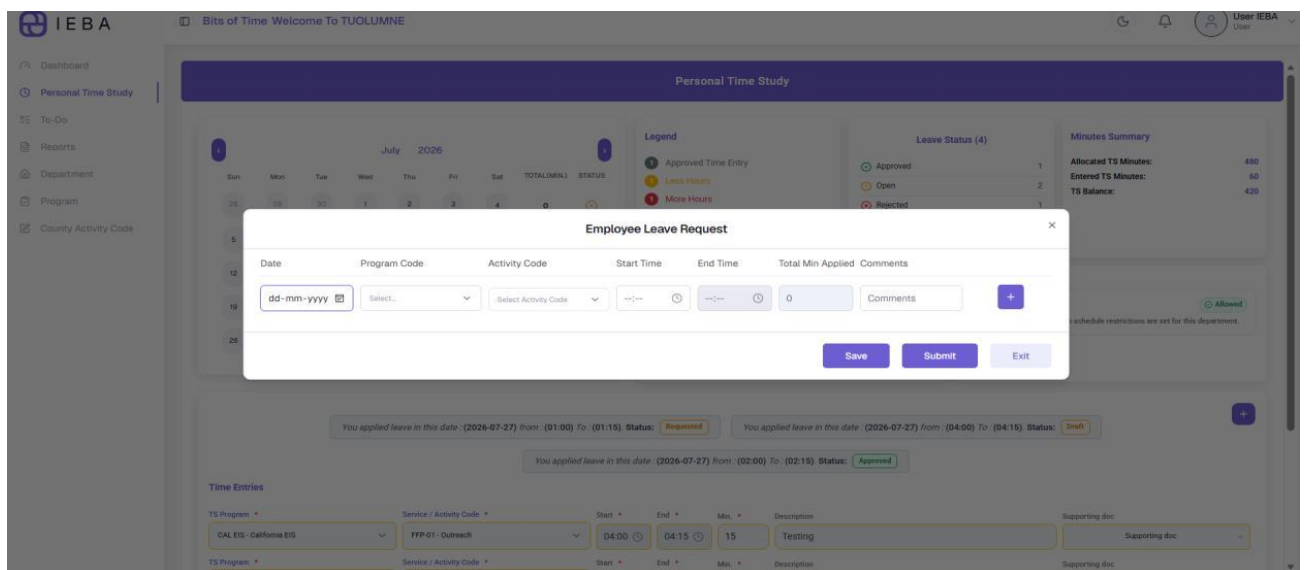

Key Conditions & Validation Rules:

- **Allowed Dates:** Leave can be requested for the current date or future dates within your active time study period.
- **No Time Overlaps:** The leave time cannot overlap with existing time study activity entries or other leave requests on the same date.

Modal Action Buttons:

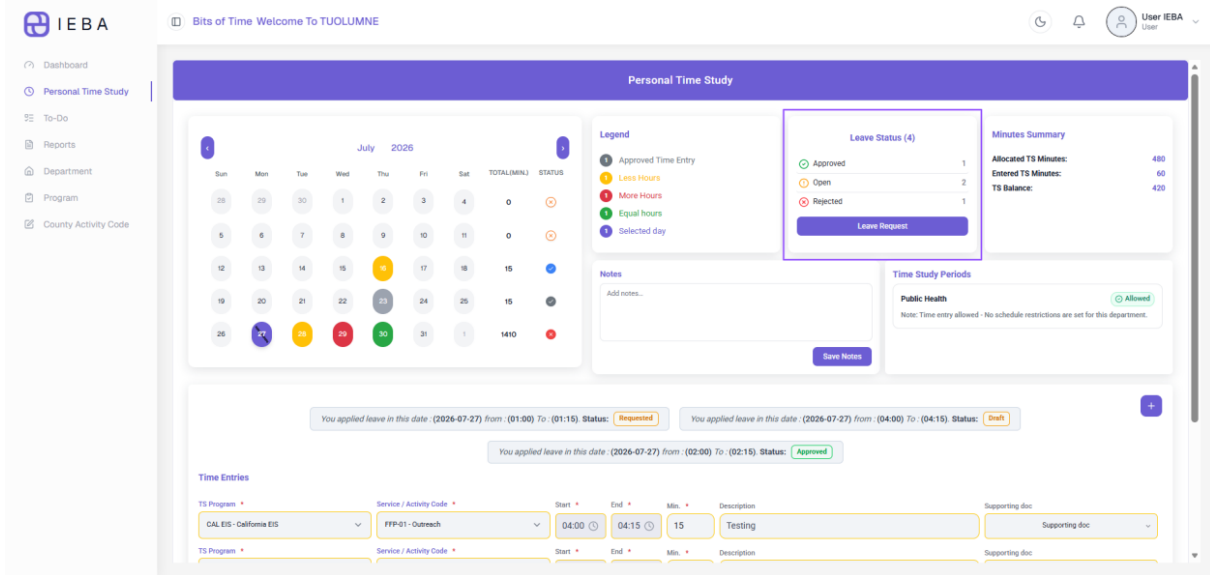

- **Save (Purple):** Saves your leave request as a Draft on your account (not sent to your supervisor).

- **Submit (Purple):** Submits your leave request to your supervisor for review (changes status to Requested / Open).
- **Exit (Light Blue):** Closes the modal without saving changes.

Leave Status Card Counters & Filtering:

- **Leave Status (N):** Displays the total count of leave requests for the active period in parentheses (e.g., *Leave Status (4)*).
- **Approved Row (Green Check):** Count of approved leave requests. Clicking this row opens a filtered list of all your Approved leave records.
- **Open Row (Orange Icon):** Count of leave requests pending review (includes Draft and Requested). Clicking this row opens a filtered list of all your Open (Pending) leave records.
- **Rejected Row (Red Cross):** Count of rejected leave requests. Clicking this row opens a filtered list of all your Rejected leave records.

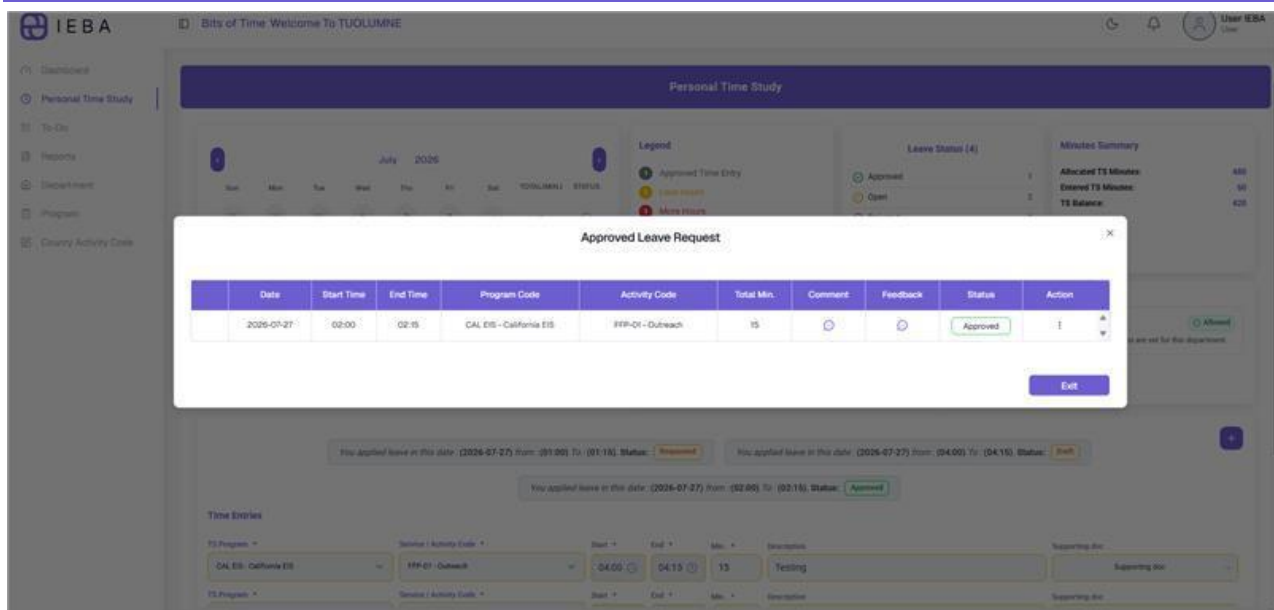

Viewing & Editing Approved Leave Requests:

Clicking the Approved row on the Leave Status Card opens the Approved Leave Request modal table listing all your approved leave records.

- **Comment** (Chat Icon): Hover or click the purple chat bubble to view the comment entered when applying for leave.
- **Feedback** (Chat Icon): Hover or click to view notes or feedback comments entered by your supervisor upon approval.

2. How to Edit an Approved Leave Request:

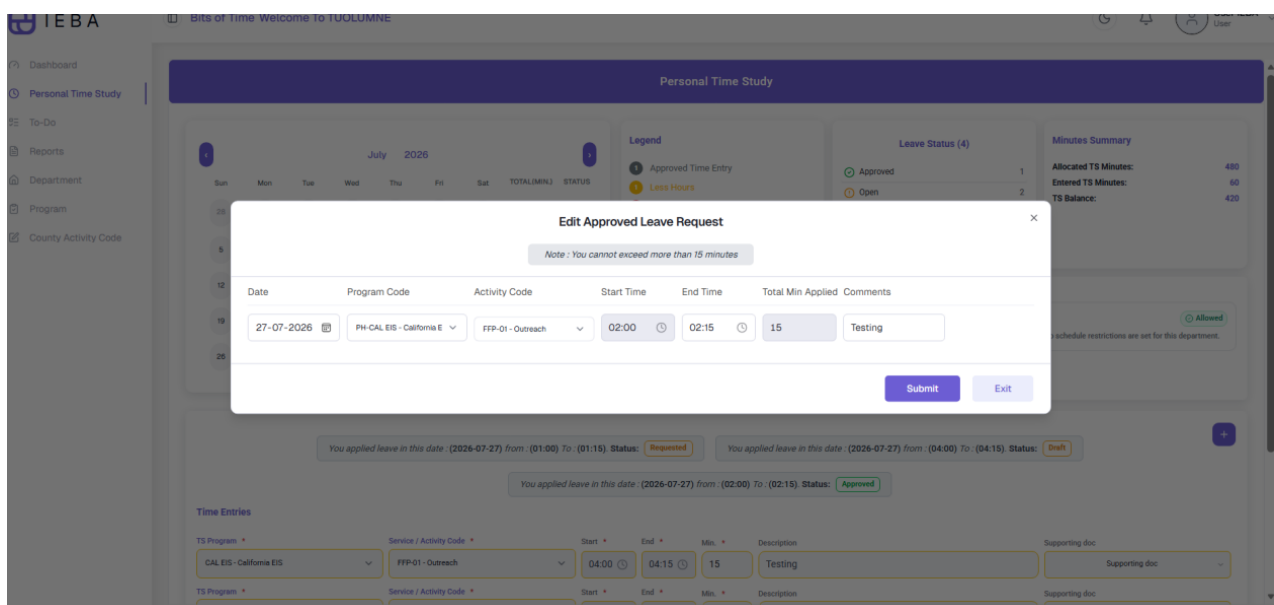

- **Trigger:** Click the Action menu (...) on an approved leave row and select Edit.
- **Edit Approved Leave Request Modal:** Opens the form pre-filled with the approved leave details.
- **Minute Limit Restriction Banner:** Displays a prominent system note at the top of the form:
 - Example: "Note: You cannot exceed more than 15 minutes"
 - **Rule:** The updated leave duration cannot exceed the original approved total minutes limit.
- **Editable Fields:** You can adjust only the Program Code, Activity Code, End Times, or Comments as needed within the duration limit.
- **Submit Action:** As long as your changes stay within the allowed duration limit, clicking Submit (Purple button) immediately saves and updates your approved leave request.
- **Exit:** Click Exit (Light Blue button) to close the modal without saving changes.

Approved Leave Request

Date	Start Time	End Time	Program Code	Activity Code	Total Min.	Comment	Feedback	Status	Action
2026-07-27	02:00	02:15	CAL EIS - California EIS	FFP-01 - Outreach	15			Approved	

Exit

Edit Approved Leave Request

Note: You cannot exceed more than 15 minutes

Date	Program Code	Activity Code	Start Time	End Time	Total Min Applied	Comments
27-07-2026	PH-CAL EIS - California E	FFP-01 - Outreach	02:00	02:15	15	Testing

Submit Exit

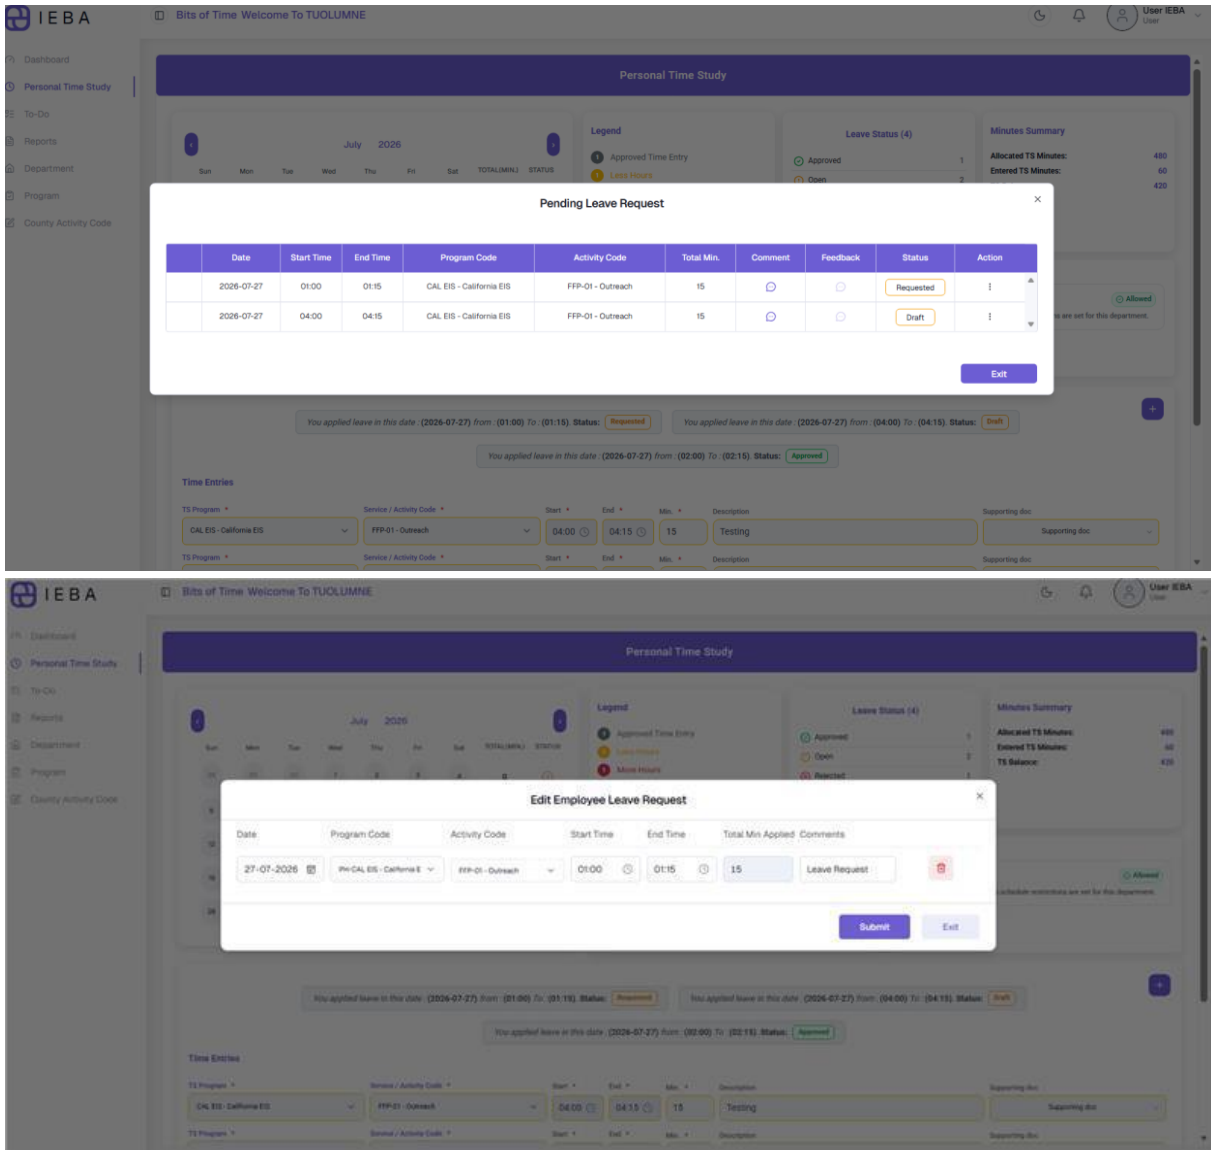

Viewing & Editing Pending Leave Requests (Draft & Requested):

Clicking the Open row on the Leave Status Card opens the Pending Leave Request modal table listing all your pending leave records (both Requested and Draft statuses).

1. How to Edit a Requested/Draft Leave Request:

- **Trigger:** Click Action (...) on a row with Requested status and select Edit.
- **Edit Employee Leave Request Modal:** Opens the leave edit form for that record.
- **No Duration / Date Restrictions:** Unlike approved records, there is no minute cap restriction when editing a requested leave request. You can adjust the Date, Start/End Times, Program, Activity, or Comments freely.
- **Action Buttons:**
 - **Submit (Purple):** Sends the updated leave request to your supervisor for review.

- **Trash Can Icon:** Deletes the leave request row. Rather than hard deleting the record, setting the status to Withdraw cancels the request and hides it completely from the user interface.
- **Exit (Light Blue):** Closes the modal without saving changes.

Pending Leave Request

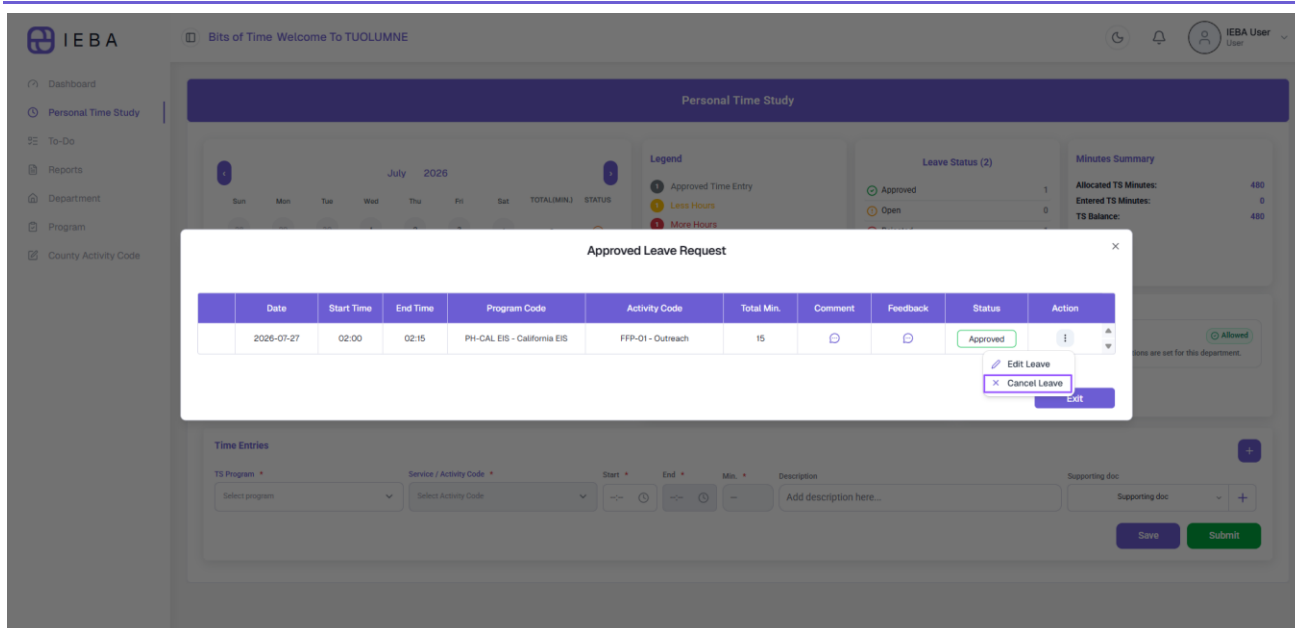

Date	Start Time	End Time	Program Code	Activity Code	Total Min.	Comment	Feedback	Status	Action
2026-07-27	01:00	01:15	CAL EIS - California EIS	FFP-01 - Outreach	15			Requested	
2026-07-27	04:00	04:15	CAL EIS - California EIS	FFP-01 - Outreach	15			Draft	

Edit Employee Leave Request

Date	Program Code	Activity Code	Start Time	End Time	Total Min Applied	Comments
27-07-2026	Pr-CAL EIS - California EIS	FFP-01 - Outreach	01:00	01:15	15	Leave Request

Withdraw Leave Request Action & Behavior:

Withdraw Action: You can withdraw an existing leave request (whether it is in Draft, Requested or Approved status). **Behavior:** Clicking cancels leave. Once withdrawn, the leave record is completely removed and will no longer display anywhere in the application (it is hidden from your calendar grid, summary status counts not included).

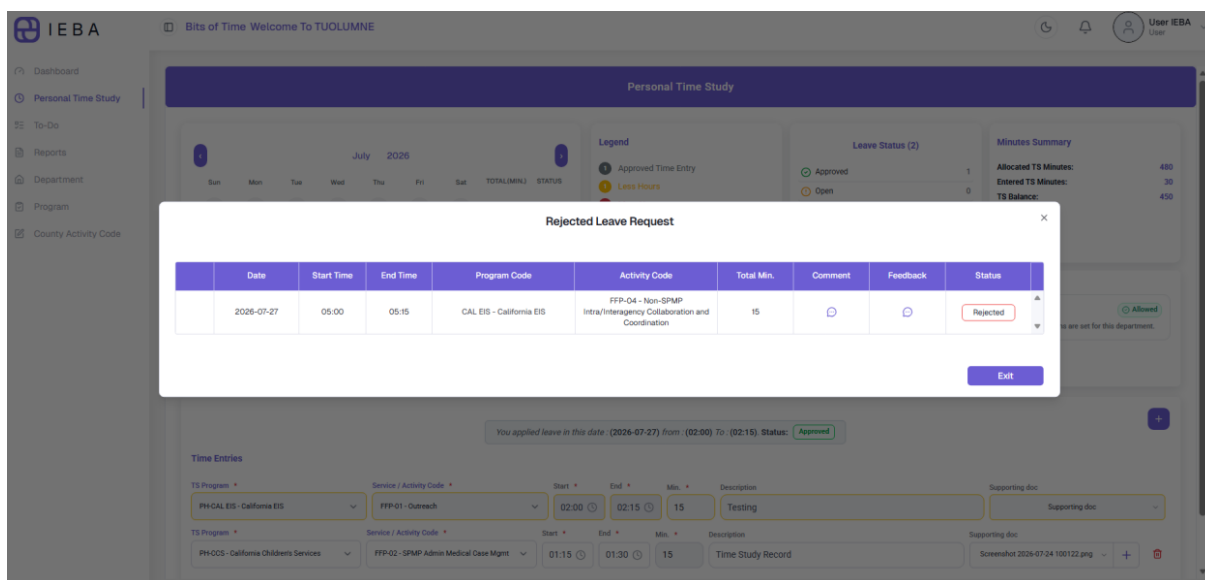

Viewing Rejected Leave Requests & Supervisor Feedback:

Clicking the Rejected row on the Leave Status Card opens the Rejected Leave Request modal table.

1. Rejected Leave Request Table Features:

- **Read-Only View** (No Edit Action): Unlike Approved or Pending lists, the Rejected Leave Request modal table does not include an Action / Edit column. It provides a read-only overview of all leave requests that were rejected by your supervisor.

2. Viewing Supervisor Rejection Feedback:

- **Supervisor Feedback** (Chat Icon): Hover or click the purple chat bubble icon under the Feedback column to view the exact rejection reason entered by your supervisor.
- **Request Comment** (Chat Icon): Hover or click the chat bubble under the Comment column to review your original request notes.
- **Exit:** Click Exit (Light Blue button) to close the table.

5. TO-DO

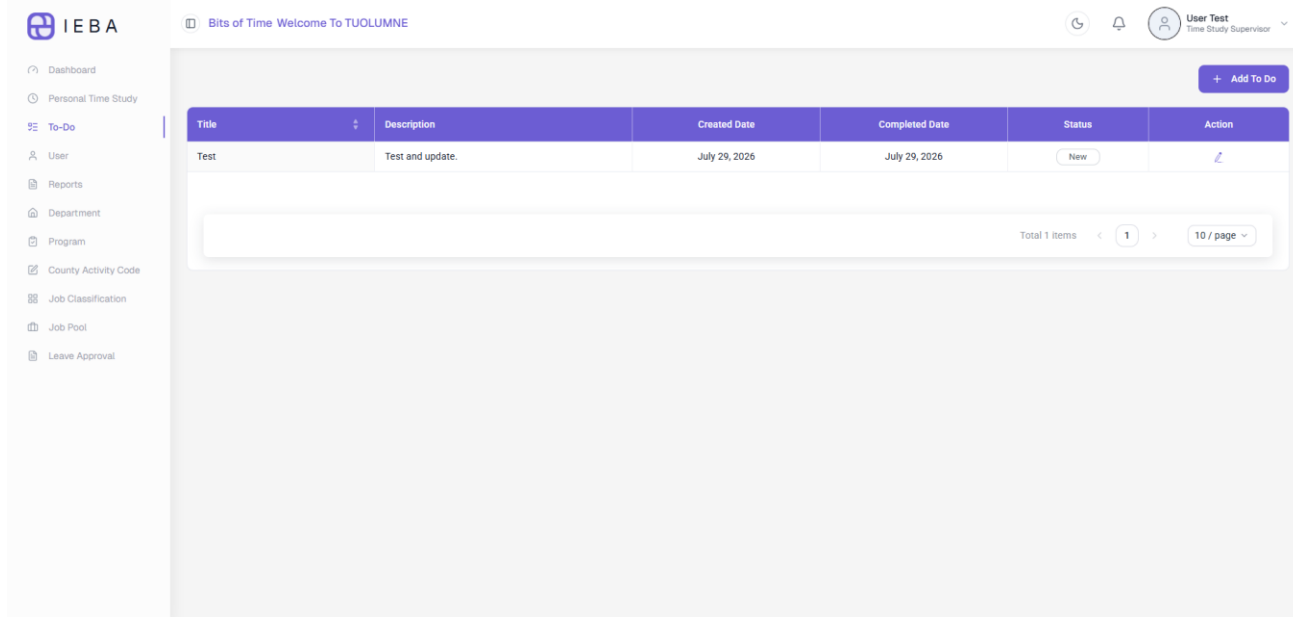

To-Do Module

Purpose: The **To-Do** module acts as your personal work notepad and task manager. It allows you to manually write down personal work reminders, tasks, or things you plan to do, track your progress (New, In Progress, Completed), and keep a record of completed work dates.

5.1 To-Do List Table Overview:

Table Columns:

- **Title (Sortable ACS/DESC):** Name of the task or reminder.
- **Description:** Detailed description notes for the task.
- **Created Date:** Date the task was created (e.g., *July 27, 2026*).
- **Completed Date:** Date the task status was marked as Completed.
- **Status:** Current task status badge:
- **New** (Blue Badge): Newly created task.
- **In Progress** (Orange Badge): Task currently being worked on.
- **Completed** (Green Badge): Finished task.
- **Action** (Pencil Icon): Opens the Edit To Do modal to update task status or description notes.

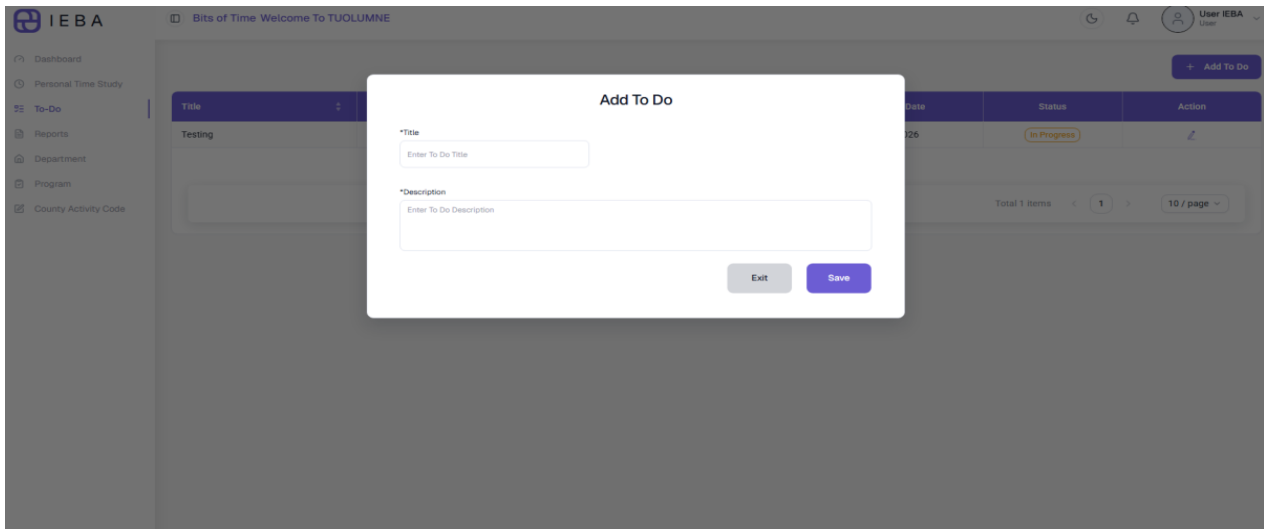

Title	Description	Created Date	Completed Date	Status	Action
Test	Test and update.	July 29, 2026	July 29, 2026	New	

Total 1 items 1 / page

5.2 How to Add a New To-Do Task:

1. Click the **+ Add To Do** (Purple) button at the top right of the To-Do page.
2. The **Add To Do** modal opens with the following fields:
 - **Title:** Enter a clear title for your task or reminder (e.g., *Testing*).
 - **Description:** Enter detailed notes or steps for your task (e.g., *IEBA Testing Updates*).

3. Click **Save** (Purple button) to save the task (new tasks are assigned **New** status by default).
4. Click **Exit** (Grey button) to close the modal without saving.

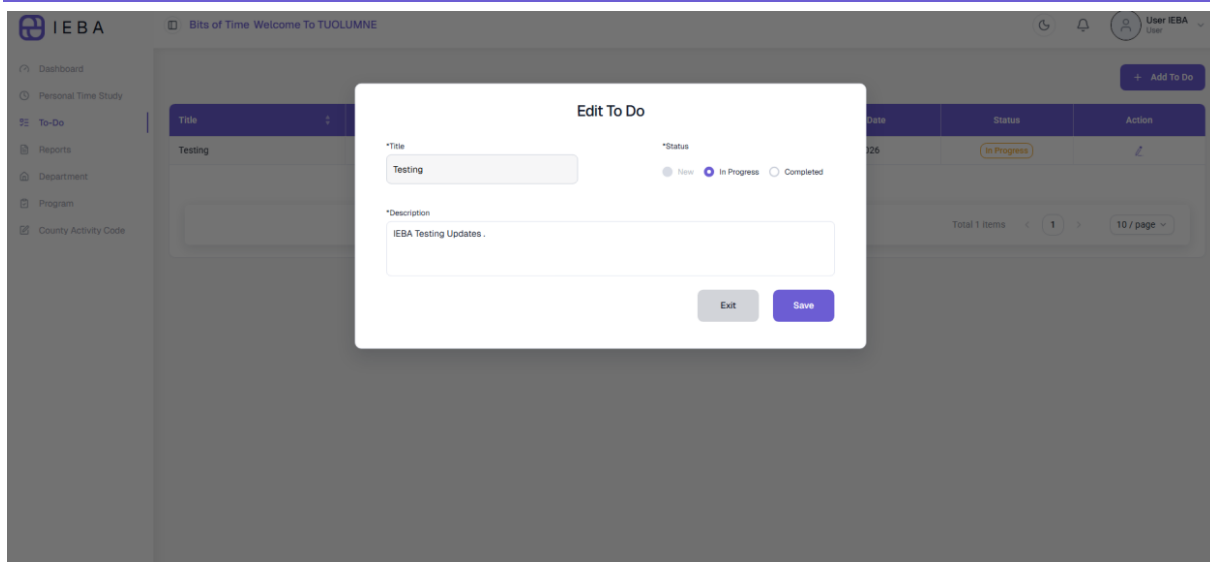

5.3 How to Edit a To-Do Task & Field Rules:

Click the **Pencil icon** under the **Action** column of any task row to open the **Edit To Do** modal.

Key Code Rules & Field Behavior:

- **Title (Read-Only in Edit Mode):**
 - The title field is disabled / locked when editing a task. Task titles cannot be changed once created.
- **Status Radio Options (New, In Progress, Completed):**
 - Select **In Progress** when starting work on a task (displays an orange status badge).
 - Select **Completed** when finishing a task (displays a green status badge and records the Completed Date).
 - **Rule:** Once a task moves to In Progress or Completed, you cannot revert its status back to New (the New radio button becomes disabled).
- **Description (Read-Only when Completed):**
 - While a task is in New or In Progress status, you can update the description text.
 - **Rule:** Once a task status is set to **Completed**, the Description field becomes disabled / locked against further edits.
- **Save Action:** Click **Save** (Purple button) to apply updates.

4. DEPARTMENT

The **Department** module allows employees to view information regarding their assigned department(s).

4.1 Department List Table Overview:

- **Assigned Departments View Only:** Standard employees can only view their assigned department(s). Creating, editing, or deleting department records is restricted to administrators.
- **Search Bar (Search here):** Allows you to quickly search and filter your assigned departments by typing a Department Code or Department Name.
- **Inactive Toggle Button:** Located at the top right of the table. Clicking Inactive toggles the view to display any inactive assigned departments.
- **Table Columns Explained:**
 - **Code** (Sortable ASC/DESC): Official department code identifier (e.g., *PH-401100*).
 - **Department** (Sortable ASC/DESC): Official name of your assigned department (e.g., *Public Health*).
 - **Address:** Physical address of the department (e.g., *20111 Cedar Road Sonora CA 95370*).
 - **Allow Multi codes:** Displays a purple checkmark if multicode (MAA) time entries are enabled for this department.
 - **Multi Codes:** Displays the assigned multicode category (e.g., *MAA*).
 - **Active:** Displays a purple checkmark if the department is currently active.

5.PROGRAM

The Program module allows employees to view assigned Budget Units, BU Programs, BU Sub-Programs, Time Study Programs, Time Study Sub Programs One and Time Study Sub Programs Two

5.1 Budget Units:

- **Expandable Hierarchy Rows for Budget Unit (> Chevron):**
 - **Budget Unit (Level 0):** Parent Budget Units display an expand chevron icon (>).
 - **BU Program (Level 1):** Clicking > expands the Budget Unit row to reveal child BU Programs (e.g., expanding BU 1140 Public Health reveals BU Program 401100 PUBLIC HEALTH).
 - **BU Sub-Program (Level 2):** Clicking > on a BU Program expands it further to reveal child BU Sub-Programs (e.g., 208 MCAH, 211 MCAH - SIDS, 502300 Women, Infant and Children).
- **Table Columns Explained:**
 - **BU Code** (Sortable ASC/DESC): Official Budget Unit code identifier (e.g., 1140).
 - **BU Name** (Sortable ASC/DESC): Name of the budget unit, BU Program, or BU Sub-Program (e.g., *Public Health*, *MCAH*).
 - **Medical Pct:** Medical reimbursement allocation percentage (e.g., 66.70%).
 - **Description:** Summary notes explaining the budget unit's purpose.
 - **Department:** Department assigned to the budget unit (e.g., *Public Health*).
 - **Active:** Displays a purple checkmark if active.
- **Search Bar:** Type to filter budget units by code or name.
- **Inactive Toggle:** Click Inactive at the top right to toggle display of inactive budget units.

5.2 Time Study Programs:

Expandable Hierarchy Rows for TS Program (> Chevron):

- **Main Time Study Program (Level 0):** Parent Time Study Programs display an expand chevron icon (>).
- **TS Sub-Program 1 (Level 1):** Clicking > on a main Time Study Program expands the row to reveal child TS Sub-Program 1 rows.
- **TS Sub-Program 2 (Level 2):** Clicking > on a TS Sub-Program 1 row expands it further to reveal nested TS Sub-Program 2 rows.
- **Table Columns Explained:**
 - **Code** (Sortable ASC/DESC): Official time study program code identifier.
 - **Program Name** (Sortable ASC/DESC): Name of the main time study program, TS Sub-Program 1, or TS Sub-Program 2.
 - **Federal Pct:** Federal reimbursement funding percentage.
 - **Description:** Summary notes explaining the program's scope.
 - **Department:** Department assigned to the program.
 - **Active:** Displays a purple checkmark (✓) if the program is currently active.
- **Search Bar:** Type to filter time study programs by code or program name.
- **Inactive Toggle:** Click Inactive at the top right to toggle display of inactive TS program.

6. COUNTY ACTIVITY

The County Activity Code module allows employees to view all official activities assigned to their department(s).

Table Columns Explained:

- **County Activity Code** (Sortable ASC/DESC): Official code identifier for the activity (e.g., *Admin-AMB, FFP-01*).
- **County Activity Name** (Sortable ASC/DESC): Full descriptive name of the activity (e.g., *Ambulance, Outreach*).
- **Description:** Summary notes explaining what work activities fall under this code. Long descriptions are truncated in the table cell with an ellipsis (...). Hovering your mouse cursor over the description text opens a pop-up tooltip displaying the complete, full description text (with vertical scrolling if long).
- **Department:** Department(s) assigned to use this activity code (e.g., *Public Health, Social Services*).
- **Master Code Type:** Master code classification type (e.g., *INTERNAL, FFP*).
- **Master Code:** Linked master code identifier (e.g., *Admin, WIC, 1*).
- **SPMP:** Displays ✓ if Skilled Professional Medical Personnel rules apply, otherwise ×.
- **Match:** Displays Y if match funding rules apply, otherwise N.
- **%:** Percentage allocation rate (e.g., *0.00%*).
- **Active:** Displays a purple checkmark (✓) if the activity code is currently active.
- **Leave Code:** Displays ✓ if the code represents a personal leave activity, otherwise ×.
- **Apportioning:** Displays ✓ if hours logged under this activity code are apportioned across direct activities, otherwise ×.
- **Multiple Job Pools:** Displays a purple checkmark (✓) if the activity code applies across multiple job pools, otherwise ×.

- **Search Bar (Search here):** Located at the top left. Type to quickly filter activity codes by Code or Activity Name.
- **Inactive Toggle Button:** Located at the top right. Clicking Inactive toggles the view to display inactive activity codes.

Note (Expandable Sub-Activities): The expand chevron icon (>) appears only on primary parent activity codes that have child sub-activities linked to them. Clicking the > chevron expands the parent row to open and view the nested Sub-County Activity Codes associated with that primary activity.

7. REPORTS

This section explains how to use the **Reports** page from the left sidebar to view and download department reports.

Purpose: Use **Reports** to select a department and report, set filters, preview the report on screen, and download it as PDF, Excel, or CSV.

Important: Fields change based on the selected report:

The Reports screen is **dynamic**. After you select a report from the **Reports** dropdown, the fields shown on the page change to match that report. Not every report uses the same filters. Always fill in the fields that appear for the report you selected.

Examples:

DSSRPT2 — Time Study Hours by Employee

May show Fiscal Year, a Time Selection section with Select Month By options such as Scheduled Time, plus Time Study Period and Start Date / End Date, along with Employee filters.

P101 — Employee by Function Code

May show Fiscal Year, Select Month By options such as Qtr or Dates, and a Qtr dropdown (for example Qtr-1), along with Employee filters.

MAATCM — Timestudy MAA/TCM

May show Select Master Code, Fiscal Year, Select Month By options such as Month / Qtr / Year, Employee filters, and an Activities section (Active / Inactive Activities).

Other reports may show fields such as Program, Cost Pool, Week, Year, date range, or scheduled time-study period. If a field is not needed for that report, it will not appear.

Navigation

- From the left sidebar, click **Reports**.
- The Reports filter screen opens.

Common screen fields

These fields appear for most reports. Extra fields may appear depending on the selected report (see section 2).

Field / Control:

- **Department:** Select the department for which you want to run the report. Required before most other filters load.
- **Reports:** Select the report type. Only reports assigned to the selected department appear in this list. Changing this value updates the fields shown below.

- **Fiscal Year:** Shown for some reports. Select the fiscal year to use for the report period.
- **Select Month By:** Choose the time period type (for example Month, Week, Qtr, Year, Dates, or Scheduled Time). Options depend on the selected report.
- **Period details:** After Select Month By, related fields appear — for example Month picker, Qtr dropdown, Start/End Date, Time Study Period, or Week dates.
- **Select Master Code:** Shown for some reports (for example MAATCM). Choose the master code scope (such as BOTH or a specific code).
- **Employee:** Optionally filter by one or more employees. Use search if the list is long. Pagination may show (for example “Employee list page 1 of 3”).
- **Active Employee / Inactive Employee:** Include active and/or inactive employees in the employee list and report results.
- **Activities** (when shown): Some reports include Active / Inactive Activities checkboxes and a Select Activities dropdown.
- **Program / Cost Pool** (when shown): Some reports include Program or Cost Pool filters with Active / Inactive options.
- **Unapproved Time:** When checked, the report includes unapproved time entries.
- **Retain Parameters:** When checked, keeps your selected filters for the next time you open Reports. Uncheck to clear saved parameters.
- **View Report:** Runs the report and shows the result on screen.
- **Stop:** Cancels a report that is still loading.
- **Download Type:** Choose the file format: **PDF**, **Excel**, or **CSV**.
- **File Name:** Name for the downloaded file. Often auto-filled with the report name. The correct extension is added automatically.
- **Download:** Downloads the report using the current filters and selected download type.

How to view a report

- Open **Reports** from the sidebar.
- Select a **Department**.
- Select a **Report** from the list. **Watch the form update** — new fields may appear or disappear based on that report.
- Complete all fields that are now shown (Fiscal Year, Select Month By / period details, Master Code, Activities, etc., as applicable).
- Optionally select **Employee(s)** and set Active / Inactive as needed.
- Check or uncheck **Unapproved Time** as needed.
- Click **View Report**.
- Wait for the report to load. Use **Stop** if you need to cancel.

How to download a report

- Set the same filters you would use to view the report (for the fields shown for that report).
- Choose **Download Type:** PDF, Excel, or CSV.
- Confirm or edit the **File Name**.
- Click **Download**.
- Save the file when your browser prompts you.

Tips

- Always select the report first (after department), then fill the fields that appear for that report.

- If the **Reports** dropdown is empty for a department, that department may not have any reports assigned yet. An administrator must assign reports under **Edit Department → Department Report Setting**.
- Select the department first — employee and other dependent lists usually load after the department is chosen.
- Use **Retain Parameters** if you frequently run the same report with the same filters.
- Some reports (for example certain MAA/TCM reports) may ask you to select master codes at run time.

Quick checklist

- Sidebar → **Reports**
- Department → Report
- Complete the fields that appear for that report (period, master code, employee, activities, etc.)
- **View Report** to preview, or **Download** (PDF / Excel / CSV)
